CIVIL WAR IMPENDS IN CHINA

Shipping Board May Bar British Vessels

Delicate Situation Created by Cotton Contracts; Serious International Incident in Background.

WASHINGTON, July 28.—(By A. P. Night Wire.)—Aggressive measures have been adopted by the Shipping Board to insure fair treatment for American merchant ships in the award of trading privileges in foreign ports.

Although not partially revealed by negotiations now in progress, the board's policy is understood to rest on the proposition that other nations must give every proper opportunity to ships which, by the Stars and Stripes or also run the risk of encountering retaliatory measures placed within the prerogative of the board by the new Shipping Act.

There is every indication, as revealed by officials, that the American government will stand behind such a program, and every confidence that it will succeed, without serious opposition, in placing the American merchant marine on a proper level in international trade.

A situation which has brought the board's policy into prominence exists at Alexandria, Egypt, in relation to contracts for the carriage of Egyptian cotton to the United Kingdom and the United States. In the face of board officials, British shipping interests have taken an uncompromising attitude toward admission of American vessels to that trade, and strong representations have been made which confidently are expected to have the desired result.

There is no disposition here to regard the Alexandria problem as constituting a serious disagreement in itself, but there is a feeling that it will set a significant precedent.

THE NEGOTIATIONS.

Negotiations which have led up to it really are concerned with the broader subject of admission of the Shipping Board's representatives into the conference of shipping interests which control each award as that at Alexandria, and the general recognition of the board as a factor in shipping decisions coming here had been set on board another

of the great Alps that climbers are finding it difficult to reach the summit of the West. The mountain is being climbed by a party of Americans, and the British are also present. The British are also present. The British are also present.

House Leaders Are Informed of Harding's Wishes

WASHINGTON, July 28.—(By A. P. Night Wire.)—Passage of revenue, Shipping Board appropriation and railroad legislation before the suggested summer recess of the House was suggested to have President Harding tonight at a White House dinner conference.

The recess under the legislative scheme on which there was an apparent agreement, is scheduled to begin between August 20 and 25. The President was told, it was said, that it would be possible to clear up the calendar of the legislation on which he urged speed by the latter date at the outside, and that by pressure, the House might clear up its work and start a rest at the earlier time mentioned.

PRESIDENT HARDING TAKES A DAY OFF

Executive Enjoys Himself With Henry Ford.

President Harding motored about 100 miles from the White House just to take off his coat and be comfortable. "Make yourself at home," said Harvey R. Firestone in a speech of welcome at Licking Creek, Md. In the upper panel are (left to right) young Firestone, George Christian, Thomas Edison and Henry Ford at Licking Springs, Md. In the lower panel are President Harding, Harvey R. Firestone and Bishop Anderson, with George Christian smiling in the background.

SO HOT IN PARIS MAN GOES NUDE.

Arrested, Says Wearers of Suits, Shirts, Tight Shoes Are All Insane.

(By Cable-Exclusive Dispatch.)
PARIS, July 28.—Madness by the interior heat, a man was arrested for promiscuous Paris streets naked. Taken before a police magistrate the man was about to be adjudged deranged, sent to an asylum for observation and treatment, when he asked permission to speak.

"It is not me who is insane because I am nude," he said. "It is you people who are insane for wearing high starched collars, heavy woolen clothing, stiff, tight shoes and heavy felt hats during the intense heat."

The magistrate refused to accept the man's view and committed him to an asylum.

The Paris newspapers ask why a mere nude man, who attempts to escape from tropical heat, is arrested, while nude women are allowed in the theaters the year around.

TRADE BALANCE LESS.
(By A. P. Night Wire.)
OTTAWA, July 28.—Trade reports by the Dominion Bureau of Statistics show a balance of \$264,459,111 against Canada in her trade with the United States for the year ending June 30. The balance represented a gain of \$10,075,166 over Canada's unfavorable balance for the preceding year. During the past year, Canada exported to the United States goods valued at \$921,932,266 and in turn imported goods valued at \$766,393,077.

STOCK BROKER HELD FOR EMBEZZLEMENT.
William F. Tobbetts, a stock broker with office in the Pacific Finance Building, was arrested at 530 South Catalina street at an early hour this morning by Constables Hayes and Adams and booked on a charge of embezzlement. He was held at \$10,000 bail, which had not been posted, and was held in the case of W. J. Dodd, 1723 North Wilton place, who alleged he was defrauded of about \$15,000 in a stock deal.

HEAT CLAIMS FIVE VICTIMS.
NEW YORK, July 28.—Five persons succumbed to the heat and a score of others were prostrated with the thermometer hovering between 85 and 90 deg. in New York today.

SUN YAT SEN TO MARCH ON PEKING; EXPECT TROUBLE

(By Cable-Exclusive Dispatch.)
(Copyright, Chinese Press.)
(See photographs on picture page of this issue of The Times.)
SHANGHAI, July 28.—(By Cable-Exclusive Dispatch.)—The middle Yangtze Valley region indicates the coming of civil strife between the Canton southern government and the Peking northern government. The quarrel, apparently started between the southern provinces of Hunan and the northern province of Hubei.

Southern agitators are said to have been at work, but doubting the loyalty of the Hunan military governor they have instigated a mutiny in Changsha, the capital of the province, looting and partially burning the place, according to Hankow reports. The foreign population of the city, totaling approximately 200, are not believed to have been harmed.

Wu Pei Fu, the northern military hero, is reported to be rushing troops into Hubei. Young Chang Tuan, the Governor of the province, has assured foreigners that they will be afforded every protection but the American river gunboats Queros and Albany are lying off Hankow, the Chicago of China, with their decks cleared for action, while the British gunboats Tell and Woodcock have proceeded to Yenchow.

Apparently no fighting has taken place as yet, but feverish preparations are being made.

That the whole movement is a part of a plan formulated by President Sun Yat Sen, of the Canton government against the Peking government is evidenced by a dispatch from Canton, saying Sun had issued orders to his military leaders to lead a part of his army toward Hankow as the first step of a march on Peking.

PEKING GOVERNMENT SILENT.

The Peking government is silent but foreigners believe that any increased activity on the part of Wu Pei Fu which would give him popular support may lead to a break between Sun Yat Sen, the military governor of Chihli, his military superior, and Chang Tzu-ling, the military governor of Manchuria, and the new self-constituted emperor-king of the Peking government.

PEKING SHOW WEAKING.

The first picture and an eyewitness account of the weakening by day of the province of Hubei, in the great Yangtze Valley of Central China, are published in The Times. The picture shows a scene of the outbreak at Wuhan, which resulted in the slaughter of many Chinese and the subsequent evacuation of the city. The evacuation is a terrible scene of the outbreak in the city of Wuhan, which resulted in the slaughter of many Chinese and the subsequent evacuation of the city.

WUCHANG LOOTING.

The looting and destruction of Wuhan, which is located directly across the Yangtze from Hankow, with its large foreign settlement, was accompanied by considerable loss of life and resulted in property damage estimated to be in excess of \$5,000,000 "cash" or, in United States coin, approximately \$5,000,000.

Mutiny of the Wuhan garrison was directly caused by the refusal of Gen. Wang Tsun Yuen to give the soldiers their pay, said to have been nine months in arrears, according to the information received by the Times by an American citizen who arrived on the first steamer to reach the United States after the outbreak.

The mutineers are said to have surrounded the residence of Gen. Yuen, and to have demanded their pay. Gen. Yuen refused to give the money, and the mutineers, with machine guns, forced him to flee. The mutineers are said to have surrounded the residence of Gen. Yuen, and to have demanded their pay. Gen. Yuen refused to give the money, and the mutineers, with machine guns, forced him to flee.

DRIVEN BY WIND, BLAZE RAZES TOWN

Hundreds, Battling Smoke, Flee for Safety—Believe No Lives Lost.

(By A. P. Night Wire.)
SYDNEY (N. S. W.), July 28.—(By Cable-Exclusive Dispatch.)—A great fire, a fire of 500 population, and for several hours menaced with destruction. The fire, which started in a small shop, spread rapidly, and in a few minutes the town was a scene of flames and smoke.

The fire, which started in a small shop, spread rapidly, and in a few minutes the town was a scene of flames and smoke.

AGED WOMAN MEETS DEATH.
HERKELEY, July 28.—Mrs. Jane Pendleton, 72, mother of Rev. Norman Pendleton of the Park Congregational Church here, was instantly killed today when an automobile in which she was riding alone plunged over a fifty-foot embankment.

"POLAR BEAR" AT DILLON.
DILLON (Mont.), July 28.—The Polar Bear, the airplane in which C. O. Priest of Las Vegas, Nev., and L. M. Bach of Santa Monica, Cal., are making an air voyage from Mexico to Siberia, landed at Dillon at 1 o'clock this afternoon from Ogden, Utah.

MEXICO EXPECTS RAIL STRIKE.
MEXICO CITY, July 28.—A strike on the Federal operated railroads is threatened for August 1, as a result of a refusal by the railroad directorate to rescind its order reducing wages of rail employees.

RATE ON HOTEL ROOMS BOOSTED.

Harding Coming, so Price Jumps from \$2.50 to \$3.50 a Day.

WASHINGTON, July 28.—A commercial boom whose rumblings have been felt in Lancaster, N. H., since it developed that President Harding is to spend several days near there next week at the home of Secretary Weeks.

Before the President's plans became known, a telephone call from the White House to the village hotel elicited the information that rooms with bath could be secured for \$2.50 a day. But today the hotelkeeper wired: "All our baths engaged for next week. We are now at American plan, \$6 a day."

WASHINGTON NEWS IN BRIEF.

(EXCLUSIVE DISPATCH.)

WASHINGTON, July 25.—President Harding's efforts to bring about a recess of Congress were further retarded today by the action of the steering committee in adding to the legislative program the Capper-Tincher bill to regulate grain exchanges and the Keeney bill, making the Secretary of Agriculture a member of the Federal Reserve Board.

Senator Norris collapsed from exhaustion today at the conclusion of a vehement attack on the administration and its Senate supporters for sidetracking his farm export corporation bill.

Any food that may be sent to Russia by the American Relief Commission will go to the children who are said to be starving and can be of aid or support to the Soviet government. It was explained today in answer to criticisms of the offer to extend relief on the conditions accepted by other countries.

The row between the House and Senate over the Sweet bill for the relief of disabled veterans continued today without producing final results, although better progress was made.

Republican members of the House Ways and Means Committee stood firm in their determination not to repeal miscellaneous taxes as representatives of various interests appeared to urge that this be done.

The embargo controversy will be renewed tomorrow before the Senate Finance Committee, which will take up the chemical schedule of the Fordney tariff bill.

People who were originally invited to the Embassy dinner.

Suspension of Railroad Will Isolate Many.

(EXCLUSIVE DISPATCH.) HARRISON (Ark.) July 25.—Hundreds of towns and hamlets in Arkansas and Missouri will be without railroad connections after next Monday when the Missouri and North Arkansas road suspends.

Two reasons were given: First, a strike of employees who had refused to accept a 20 per cent wage reduction and second, inability of the company to pay a return on the millions of dollars invested.

They refused to expand on the statement until after they have made a report to their parent organization, a conference of idle building workers representing more than fifty unions.

MAY OUTFLANK TURK FORCES.

Greeks May Effect Landing on Black Sea Coast.

Probably to be Made in the Vicinity of Eregh.

Nationalist Commander Has Confab With Red.

(BY CABLE AND ASSOCIATED PRESS.) CONSTANTINOPLE, July 25.—The Greeks are credited in rumors current here with planning a landing on the Black Sea coast of Asia Minor, with a point on the eastern coast of Thrace as the base for the expedition.

The landing, if one is made, probably will be effected in the vicinity of Eregh, the ancient Heraclea, 115 miles east of Constantinople.

(The purpose of this move would be to outflank the Turkish Nationalists, compelling their evacuation of the Imdid Peninsula.)

CONFERS WITH RED. Before leaving Erzurum recently for Ankara, Kiam Karabekir, commander of the Turkish Nationalist army in the Mesopotam area, conferred in that city with the commander of the eleventh Soviet Russian army, and it is believed in some military quarters here that arrangements were made for the horsemen of Gen. Budenny, the brilliant Soviet cavalry commander, to enter Anatolia in case the situation of the Nationalist army became critical.

Analysis of the futile attempts by the Kemalists to cut the Greek communications by a sharp attack to the north of Eski-Shehr, shows that the battle line extended from Alpin, fifteen miles east of Eski-Shehr, in a vast semicircle reaching on the south to Sidi Ghazi, about

thirty miles distant and on the north beyond Eski-Shehr and Yen-Shehr.

Supply trains accompanying the Greek Third Army Corps operating out of Erzurum comprise hundreds of mules and pack animals, while the Greek wounded are brought back in covered country cars. The Greek intent in advancing frequently, abandoning the winding mountain roads and saved miles of marching by proceeding in straight lines over the pathless heights. The mountain and light artillery kept pace with the infantry.

Erzurum was the scene of frenzied rejoicing when the news came of the fall of Eski-Shehr, although the authorities refused to let the prohibition on alcoholic beverages being enforced throughout the Greek war zone.

TO EVACUATE IMDID. (BY CABLE AND ASSOCIATED PRESS.) LONDON, July 25.—The Turkish Nationalists have decided to evacuate the Imdid Peninsula, says an Exchange Telegraph dispatch from Constantinople today, owing to the Greek advance in the direction of Adabazar at the base of the peninsula, which lies to the east of Constantinople between the bays of Mar-mara and the Black Sea.

HALBERS FOUGHT.

War Veterans Make Turnover of Junior Host Flag to Top of Pole.

(BY A. P. NIGHT WIRE.) PORTLAND (Or.) July 25.—Forty Portland war veterans, today forced Alfred Eymes, janitor of the Portland Social Turnverein, to raise an American flag, which had been half-masted in memory of J. Henry Halbers, to the top of the pole.

The Halbers, who died yesterday, was formerly head of the Albers Brothers Milling Company. He was convicted on the charge of violation of the espionage act but his conviction was set aside recently by the United States Supreme Court.

Halbers was a resident of Portland and was a member of the Albers Brothers Milling Company.

DISARMAMENT DATE TALKED.

Armistice Day Suggested in Negotiations.

Great Britain in Favor of Preliminary Meeting.

Conference Will Not be Held on Pacific Coast.

(BY A. P. NIGHT WIRE.) WASHINGTON, July 25.—Informal negotiations over the date for the disarmament conference were begun today, with the American government suggesting selection of a time not later than Armistice Day, November 11.

Definite replies are to be received, but unofficial information seems to indicate that some of the other powers will prefer a later date and that several diplomatic exchanges may be necessary before a unanimous agreement is reached.

The question of a meeting time was discussed by Secretary Hughes today with the British and Japanese Ambassadors and the Italian Ambassador. China and France are to be consulted in the near future, though it is emphasized that there will be no disposition to press for a decision until each party to the conference can study the situation.

ADVISORIAL MEETING. The British Ambassador, Sir Auckland Geddes, is understood to have suggested that a date later than November 11 be selected, until the preliminary conference is to be held at which the Dominion Premiers can be participating.

Such a preliminary meeting will be possible in the summer, when the premiers, now in London, are on their way home.

No formal comment was available from American officials regarding such a proposal or concerning the statement emanating from official circles in London today, that a preliminary meeting would be held within six weeks in Canada or in some American city other than Washington.

The general impression here was that this government hoped confidently to overcome the British objection without a separate conference.

TO AVOID UNDOE DELAY. Japan is said to feel at a disadvantage because of the time that would be required for her delegates to reach Washington, but officials here believe she will consent to the November date if the other powers find it agreeable.

Among all the participating nations there is an avowed desire to avoid delay, and the psychological factor will be a conspicuous one in the final decision.

Officials here gave every evidence today of being satisfied with the Japanese acceptance of the proposed date, although the Tokyo government, in consenting to the proposed preliminary and basic discussion of the disarmament problems, suggested that problems which concern only particular powers or which can be regarded as closed incidents be omitted from the scope of the meeting.

This suggestion is regarded by officials here, however, as a condition to acceptance, but as a forecast of the attitude to be taken by Japan in the conference.

NOT COMING TO COAST. (EXCLUSIVE DISPATCH.) WASHINGTON, July 25.—Emphatic denial that the administration has at any time entertained the idea of holding the disarmament conference on the Pacific Coast was made today by Federal officials.

California Congressmen have been deluged with invitations from cities throughout the state due to the false report circulated a few days ago. There is not the remotest possibility, however, that the conference will be held elsewhere than in Washington.

STUDY NAVAL REDUCTION. (BY CABLE AND ASSOCIATED PRESS.) TOKYO, July 25.—The Japanese General Staff and the War Office, it is understood here, are making separate investigations in connection with curtailment of the army, their reports to be submitted to a joint council of the foreign, navy and war departments.

The Nichi Nichi says today that if the powers restrict their armies rationally the policy of the Japanese War Department would be to do likewise.

FRESNO INVESTIGATES KU KLUX KLAN BODY.

(BY A. P. NIGHT WIRE.) SACRAMENTO, July 25.—Dist. Atty. B. W. O'Connell of Fresno county is investigating the alleged organization of the Ku Klux Klan in Fresno and if the facts warrant it, he will submit his findings to the grand jury for action. The Governor's office has been informed, Martin Madden, secretary to the Governor, announced today.

O'Connell last week reported to the Governor's office that he could find no foundation for the report.

VIENNA, July 25.—Twenty men and one woman, all tourists, have disappeared from summer resorts in Salzburg province, within a fortnight, according to reports reaching police here.

Police are inclined to believe that responsibility for the disappearance rests with a band of criminals who murder and rob their victims and bury their bodies.

DE VALERA DELAYS RETURN.

Outlook for Irish Peace Still Hopeful, Allowed to Land.

(BY CABLE AND ASSOCIATED PRESS.) DUBLIN, July 25.—A hopeful feeling prevailed today in the solution of the Irish problem and the belief was expressed that the path to peace might be longer than at first anticipated, but eventually would be reached. Meanwhile, the truth will be known.

Mr. De Valera, Irish republican leader, has not as yet sent an answer to President Lloyd George regarding the government's terms. It was authoritatively stated today that Mr. De Valera had not applied to the government for the release of imprisoned members of the Irish republican parliament, and that, although release would be granted on his request, it would not occur without it.

There is no immediate intention of summoning the republican parliament, it was learned.

MANNIX NOT DISTURBED. (BY CABLE AND ASSOCIATED PRESS.) MELBOURNE (Australia) July 25.—The Australian government has decided not to interfere with the landing of Archbishop Mannix on his return from his round-the-world trip, or to issue an order for his oath of allegiance, it was announced today.

Chief Premier Cook declared that after full consideration of all the circumstances and in view of the fact that the imperial government was in the midst of a history-making crisis in Irish affairs, the commonwealth government had resolved not to interfere with Archbishop Mannix.

A truce was being observed, and it was inadvisable to revive bitter racial propaganda which might hinder the solution of the difficulty. The government hoped that this spirit would be abided.

GERMANY TO ABIDE BY COUNCIL VERDICT.

LEAVE TRANSPORTATION OF FRENCH TO SILENIA UP TO ALLIED SUPREME BODY.

(BY CABLE AND ASSOCIATED PRESS.) LONDON, July 25.—Germany will abide by the decision of the Allied Supreme Council relative to the question of the transportation of a French division across Germany to reinforce the French troops in Upper Silesia, according to information available here today.

The German Foreign Minister, Dr. Brüning, informed the French Ambassador in Berlin last night to this effect in a note.

The note said: "I am in a position to inform you of the point of view of the German government relative to the transport of a French division across Germany, which has been the subject of discussion."

The German government has no intention of dealing with this question exclusively from the legal point of view. It has decided to deal with it from the political point of view.

The German government does not hesitate to state hereby that it will acknowledge the decision of the Supreme Council.

HIT BY SNOWBALL. MAY LOSE SIGHT.

(BY A. P. NIGHT WIRE.) COLORADO SPRINGS (Colo.) July 25.—They're throwing snowballs on Pike's Peak. J. C. Williams, of this city, may lose one of his eyes as a result. Williams was ascending the mountain with a party of tourists last night when a descending tourist party engaged in a friendly snowball battle with the ascending group. A snowball thrown by a woman hit Williams. The snow came from a great bank about two-thirds of the way up the peak.

TOURISTS IN AUSTRIAN PROVINCE MISSING.

(BY CABLE AND ASSOCIATED PRESS.) VIENNA, July 25.—Twenty men and one woman, all tourists, have disappeared from summer resorts in Salzburg province, within a fortnight, according to reports reaching police here.

Police are inclined to believe that responsibility for the disappearance rests with a band of criminals who murder and rob their victims and bury their bodies.

First Decision Reversed.

(BY A. P. NIGHT WIRE.)

Princeton and Cornell held Oxford and Cambridge to even-Stephen in the first decision of the international track meet at Princeton, N. J., July 28.

The British team took six of the eleven events, but the Americans won the rest. The British team took six of the eleven events, but the Americans won the rest. The British team took six of the eleven events, but the Americans won the rest.

**BULL MONTANA IS
MATINEE IDOL NOW.**

**HANDSOME MOVIE HERO TO
APPEAR AT LOCAL
THEATERS.**

After having made it possible for Jack Dempsey to keep the heavyweight title through his recent victory at Atlantic City and after having brought ambitious young motion-picture people, such as Douglas Fairbanks, Marshall Neilan and Fatty Arbuckle to fame by allowing them to support him in his screen successes, Mr. Bull Montana, known in British Congo for his charming beauty and celebrated at Newport, R. I., for his physical prowess, stepped out today with the information that he has finally submitted to the universal gleaming that he become a stage star.

Mr. Montana agreed to dam the footlights with a personal appearance at the Grauman Million Dollar Theater, in "Crazy to Mercy," in which his beautiful young protegee, Fatty Arbuckle, will appear.

Senior Montana made the request today that his audience restrain their joy when he appears on the stage. For that reason, the management has roped off a square circle on the stage to prevent the eminent star's many admirers from leaping to the stage and to make Mr. Montana feel more at home.

MAY TO PLAY
MARY TODAY.

Mrs. Bundy and Miss Browne
in Final Round.

Winner Tackles Miss Wagner
for Tennis Title.

Californians Compass a Clean
Sweep of Singles.

BY FRED HAWTHORNE.

NEW YORK, July 28.—California made clean sweep of the singles today in the women's New York State championship lawn tennis tournament on the turf courts of the Crescent Athletic Club at Bay Ridge, and as a consequence, Mrs. May Sutton Bundy and Miss Mary K. Browne, both former national champs, will meet at 4 o'clock tomorrow afternoon in the final round.

The winner of this match will play Miss Marie Wagner, the present titleholder, for the challenge and championship round Saturday afternoon.

In the women's championship doubles, Miss Wagner and Miss Clara Casell of New York gained their brackets in the final round by defeating Mrs. Robert Leroy and Miss Edith Handy at 6-3, 5-7, 6-3, in the semifinal round. Mrs. Bundy and Mrs. Hitchens defeated Mrs. G. B. Hirsch and Mrs. Percy Wilborn at 6-4, 6-0, in the third round, placing them in the semifinal round. In the upper half, Tomorrow afternoon they will meet Miss Browne and Mrs. Louise R. Williams, the winning pair to gain the upper final bracket. The winners of this match will play Miss Wagner and Miss Casell for the doubles title Saturday afternoon.

Mrs. Bundy's game showed decided improvement in her match against Mrs. Hitchens today. The former world's champion was getting more pace in her shots and her remarkable skill at placing was even more striking than in her previous matches. The Californian's forehand drive is machine-like in its accuracy, and as the ball carries decided top spin, she can put unusual pace in the stroke and will win the same time keep within the court confines.

Mrs. Hitchens took the first game on her own service, but that was her last. Mrs. Bundy punning out the next twelve games in a row. Many of these games were heatedly contested, the points reaching deuce several times before Mrs. Bundy put over the winning shot.

Miss Gilleaudeau put up a wonderfully plucky struggle against Miss Browne in the other semifinal match, winning the opening set at 7-5 by virtue of splendid driving through deep court and placing so close to the lines that Miss Browne was constantly in difficulties. Miss Gilleaudeau's most consistent point-winning stroke was a forehand drive to her opponent's deep back hand.

In the early stages of the match, Miss Browne was timid about stroking the ball and also showed hesitation in forcing the net position and from back court she was not able to hold her rival on even terms. After losing the first set, however, the Little Coast star settled to her work with splendid courage and ran out the next set without allowing her opponent a game.

UP LIKE FLASH.
She was up inside in the service court like a flash in the first and third set and from that position she easily held command, cutting off Miss Gilleaudeau's returns by superb low volleys and several beautifully controlled smashes of short lobs.

Well! It Looks Just Like Old Times.

John McGraw
Spectator at
Players' Trial.

Nothing to It But California.
Miss Mary Browne (left) and Mrs. May Sutton Bundy, both of Los Angeles, and both former national champs, will meet today in the finals of the New York State championship. Mrs. Bundy won her match easily yesterday, but Miss Browne had to struggle through three sets to attain victory.

To cut out the Einstein stuff, and pitch nothing but low-brow, LOOK ROCKY.
Things are beginning to look rocky for the Sacramento political machine, and it begins to appear that Bro. Marling was stunk when he invested this proceeds from that billion-dollar wheat crop in soon. He should now go to Russia and (Continued on Second Page.)

BUNDY-BROWNE DUO WINS.

BY CHARLES WEST.
The motto during yesterday's play in the Southern California tennis championships at the Los Angeles Tennis Club seemed to be "sacrosanct beauty," or words to that effect. At any rate, the old-timers were certainly up and at 'em in the men's division of the tournament, the present generation bowing to the venerable one on three separate occasions. Tom Bundy and Nat Browne were the heroes of the day, their teamwork being responsible for two victories over aspiring duets in the men's doubles. The Sindorf-Hardman combination and the Kerand-Hinckley duo both fell by the wayside when they tangled with this invincible pair, taking the count with scores of 3-6, 6-0, 6-1 and 6-4, 3-6, respectively.

STOP ANZACS AT BORDER.

(BY A. P. NIGHT WIRE.)
PITTSBURGH, July 28.—Capt. Norman Peach and the remainder of the Australian Davis tennis cup party were taken from a railroad train at Black Rock, N. Y., by United States immigration authorities last night because they were not provided with the necessary papers for entrance to this country, according to a message received here today by J. B. Tole, general manager of the Pittsburgh and Lake Erie Railroad.
The Australian party left Toronto, Can., last night, and reached Black Rock about midnight.
Clinton L. Childs, secretary of the Pittsburgh Tennis Committee, said a number of other tennis enthusiasts met the train at Coraopolis, and were informed by the conductor that the Australians were at Black Rock. Childs and his party came at once to Pittsburgh, where the report of the detention was confirmed by Mr. Tole.

WILSON'S TITLE
IS IN DISPUTE.

Boxing Commission is at
Variance With Referee.

Cleveland Sport Writers Say
Downey is Champ.

Third Man in Ring Holds Out
for Boston Boy.

(BY A. P. NIGHT WIRE.)

CLEVELAND, July 28.—The middleweight boxing championship of the world is in dispute today. According to the Cleveland Boxing Commission and sports writers, who were at the ringside, the title belongs to Bryan Downey of Cleveland, who having acquired it by a knockout over Johnny Wilson of Boston, in the seventh round of a scheduled twelve-round no-decision contest here last night.

REFREE DIFFERS.
But Jimmy Gardner of Lowell, Mass., former welterweight boxer, who refereed the match, declared Wilson retains the championship because Downey fouled Wilson. Wilson was knocked down three times in the final round.

The round was just one minute and six seconds old when Downey sent Wilson down with a right to the jaw, and a left to the chin. Wilson was on one knee when Gardner, slowly counted nine. Whether he counted ten is disputed. Official Time Keeper Arlie Foote of the Boxing Commission said he heard Gardner count the fatal second, and that his watch showed Wilson had been down 13 4-5 seconds.

COUNTS NINE.
After Wilson regained his feet, Downey hammered him to the floor again and Gardner counted nine as Wilson staggered to his feet. Downey again showed him with a right and left, and Martin Killick, Wilson's manager, jumped to the platform and placed his hands on Wilson, who was sagging to the mat for the third time. After counting seven, Gardner stopped the bout, saying Downey had hit Wilson while he was down. A near riot followed.

SPORTSMAN DIES.

(BY A. P. NIGHT WIRE.)
CINCINNATI, July 28.—Frank Kelly, 61, sportsman and politician, was found dead yesterday in his inn at Plainville, O. Heart disease had caused death, Kelly, for years was manager of Norman Selby (Kid McCoy). He also managed Tenney Ed. Smith, at one time contender for the heavyweight title.

WENT TO SINTON.
"We reached Cincinnati about 8 a.m.," he said, "and went to the Sinton Hotel. A little before 10 o'clock the men went to Radland Field for practice. We got back to the hotel a little before noon."

SOX PLAYERS
ON THE STAND.

Jury Hears Gleason and Men
Tell Their Side.

Testimony Clashes With That
Given by Burns.

Defense's Attorneys Jubilant
Over Discrepancy.

(BY A. P. NIGHT WIRE.)

CHICAGO, July 28.—The defense in the baseball trial rested its case late today. The action was taken after five Chicago White Sox players, forced by the law to abandon their team in the East, and journey 900 miles to testify, had made arrangements from the witness stand which tended to disprove some of the most important points in the State's evidence against their former teammates, charged with conspiring to throw 1919 world series in Cincinnati.

Eddie Collins, Ray Schall, Dick Kerr, Roy Wilkerson and Manager William Gleason of the White Sox testified at a night session of court that the seven former players on trial were at Holland Field, Cincinnati, practicing from 10 to 12 o'clock the day before the first 1919 world series game. Bill Burns had testified that it was on this day and at these hours that he completed the alleged deal with the defendants whereby they were to throw games for \$100,000, receiving \$20,000 after each game thrown.

BEGIN REBUTTAL.

Tomorrow the State will begin its rebuttal testimony with indications that Judge Friend may order Saturday and night sessions of court in the hope of getting the case to the jury this week or early next week. The testimony of the players, who are said to have been doubtful of the defense which had subpoenaed them, thus forcing them to take part in the trial whether they wished to or not.

Manager Gleason said he left Chicago with his team Monday night, two days before the first game.

WENT TO SINTON.

"We reached Cincinnati about 8 a.m.," he said, "and went to the Sinton Hotel. A little before 10 o'clock the men went to Radland Field for practice. We got back to the hotel a little before noon."

Really Three-Inning Game in Matter of Runs.

Angels Assure Themselves a Place in Warm Sun.

(Continued from First Page.)

value a million-dollar wheat crop where there is a shortage of nourishing soap.

The Angels are somewhat tattered around the torso, but we will say for the Rodgers' cats that they always give the cash customer a run for their money, win or lose, and especially when playing against a good ball team like the Angels.

SHORT GAME.

It was really a three-inning game in the matter of runs, and as a result it wasn't hardly worth while for Lord William Byron to forfeit it one way or another.

The game of the day was won in three rounds, the last being hampered as much as the first by a short time in honor of "potatoes" which in consequence of the occasion there was an exceptionally large crowd of potatoe heads, with a few of the potatoes and a sprinkling of hot weevils in the blenders.

Here and there was a hard-boiled potato or just an ordinary spud, accompanied by his sweetpotatoes, both of them frequently in a mashed state, and it therefore was hardly reasonable that the Angels should bring home the gravy, as well as the potatoes, to the great Irishman and Charlie McHugh all but out to pay homage to the great Irishman in a comparatively inexpensive under present prices. Let freedom ring!

A GOOD SPORT.

Doc Crandall, under the rules, could have pitched in his reading glasses, but he proved himself a good sport by leaving them on the library shelf and without resort to camouflage pitched the Senators back into private life.

Crashing spuds was the second round when he was combed for three runs. Los Angeles came back with three in the third, which knocked out the third-inning tally, left Sacramento only the core of the potato.

Our place in the sun seems to be assured. In fact, our sun spot has become so large and warm that we should be able to raise potatoes all the year around. Buy a potato and help the struggling middleman.

HAS A PEEVE.

Mr. Byron was very hard to get along with. His peevish streak out like a fat ball on the neck of a slim man. Throughout he seemed to be dissatisfied with the way Crandall was pitching. Possibly he wants Doc to take home from him, and of course for the same. Bill seemed to think that Doc was monkeying with the ball—thumb-nailing the peeling off the potato, as it were, so just to prove that he means business, and has no regard for expense. The last night mailed the potato to President McCarthy in San Francisco, where it will be read for thumb-prints.

He claims that Doc picked all the eyes out of the ball. It was a new one, and new potatoes are young and tender. Everybody was disappointed in Mr. Byron yesterday. Just back behind the bases the day before, it was believed he would be more affable.

RENT PARASOL.

He might have been suffering from sunburn, at that. Sun spots such as ours have even been known to cause sunstroke. If Mr. Byron will accept the advice of a friend and well-wisher, he will rent a pink Rocka cushioned both of them and parasol to wear with his imitation

GOLF TOURNEY ON NEXT WEEK.

(BY A. P. MONT WIRE.) TORONTO, July 25.—Play for the Canadian golf championships will be begun here next Monday and Tuesday. Among American golfers entered for the tournament is Lee Diegel, of the Rockmore Golf Club, Detroit.

STILL KIMONO WHEN UMPIRING OUT OF DOORS.

Mr. Byron met Red Killefer in the Los Angeles office after the game, but there was no conversation, as Mr. Byron, however, had enough money to carry on a fifty-dollar monologue with himself.

The real crisis in Bill's life yesterday didn't come until the ninth. Fred McIlwain was called to the plate. Doc kept right on pitching. Then he tried to shoot one over fast, and Fred, readjusting himself, strode the ball on a line to right center.

STATS THERE.

"Twin-Six" Stats made a remarkable catch, turning a probable home run into an out. Byron promptly fired a shot at the small third baseman of the game was left, and the game was called. Fred McIlwain was called to the plate. Doc kept right on pitching. Then he tried to shoot one over fast, and Fred, readjusting himself, strode the ball on a line to right center.

PETE TRIPLES.

Pete Compton reloaded with a triple in the second, and a fly by McIlwain to Carroll successfully released him to the plate. Ryan, an infield out. Orr singled, and Cook scored both runners. Los Angeles matched these in the third. Oscar walked. Crandall whiffed. Senators singled. Crandall whiffed. Stats forced Stansage.

McAULEY SINGLED, AND THEN CAME DIXIE CURRY WITH HIS USUAL TIMELY COUNTING TWO, AND SCORING THE RUN THAT PUT LOS ANGELES IN FRONT ON A SINGLE BY SANDERS CRIGGS. THAT WAS THE WAY TO GET 'EM—THREE POTATOES IN A HILL. THE MARKET REPORT:

TRIS SPEAKER INJURED
BOSTON, July 22.—(By A. P. MERRITT.)
Speaker, manager of the Boston Red Sox, was injured today when he was struck by a small ball in the left ankle while running the bases in today's game with the Philadelphia Athletics. The injury was not serious, and he was able to continue the game. The ball was thrown by Philadelphia pitcher, E. C. Riddle. The game was a close one, with the Athletics winning 4-3 in the ninth inning.

THE CASE IS TURNED OVER TO JUVENILE COURT.
PASADENA, July 22.—Following an attack on various women in the courthouse bars during the past few weeks, Walter Haynes, 34, son of James Haynes, a well-known Pasadena citizen, was arrested by Sheriff Barnett and taken to the juvenile court. Haynes was charged with molesting a young girl. The case is being handled by the juvenile court.

THE QUALITY OF THE PRISM BINOCULARS
The quality of the prism binoculars is of great importance. The binoculars should be of good quality and should be able to provide a clear and sharp view of the objects being viewed. The binoculars should also be of a size that is comfortable to use and should be able to provide a wide field of view.

Stadley Held on Charge of Embezzlement
RIVERSIDE, July 22.—Charged with the embezzlement of \$1205.32 from the Coachella Valley Home Telephone Company, N. B. Stadley, its secretary and prominent in business circles in the Coachella Valley, was arraigned before Justice Hibbard and bound over to the Superior Court under \$2000 bonds, which he has so far been unable to furnish. The preliminary hearing has been fixed for Thursday morning at 10 o'clock.

An interesting feature of the case was the request of the defendant's attorney for the books of the corporation be immediately brought in court or surrendered to the District Attorney. The judge, however, refused to grant the request. The complaint alleges that when a canceled check issued by the corporation for the purchase of certain material purchased under bid, was returned, it was found to have been altered by the Western Equipment and Supply Company, "by N. B. Stadley." The District Attorney's office inclines to the opinion that Stadley and a man named Blair conspired to defraud the telephone company. The officers of the telephone company allege that the equipment delivered was second-hand, picked up at a low price and sold at a profit. The latter has not yet been located.

Anticipating the opening of a suit against the new corporation, attorneys and their clients are all present in a hurry to file civil suits involving small amounts before that time. This is the opinion of Justice of the Peace H. C. Hibbard, who presides over the new court. Under the law of the state, all claims not exceeding \$50 in amount will come before the Justice Court, and many cases involving small amounts do not get into court at the present time on account of attorney's fees.

Nearly 900 aliens have registered with County Clerk Clayton under the new alien law. The average age being about seventy-five a day. Mr. Clayton estimates that 1500 aliens will register from this city and 100 from Corona. The districts outside cities also report large numbers of registrations.

UP MT. WILSON FOR BALLOON TRAINING.
ARCADIA OFFICERS SOON TO ROUND OUT COURSE BY WORK AT THAT ALTITUDE.
LOCAL CORRESPONDENCE.
ARCADIA, July 22.—Interest of the officers at Rose Field is today centered upon the possibility of the balloon school being enlarged to give airship training. Board members are making a study of the question of speeding up the new course of instruction for the new course of instruction. The board of officers is now engaged in a study of the question of speeding up the new course of instruction. The board of officers is now engaged in a study of the question of speeding up the new course of instruction.

Citrus Grower Benefits from Cheaper Lumber
REDLANDS, July 22.—The citrus fruit growers are beginning to see the light of better times in the reduction of the cost of producing their fruit and getting it to the market, the latest cut being from the lumber companies providing the shooks.

C. P. Earley, manager of a company here that ships for about fifty houses, announced today that he had closed contracts for shooks for 30 cents a box. Last year the shooks figures were about 35 cents a box, and the cut is a big one. It will take off considerable of the packing charges.

A survey shows that during the past year the grower secured the smallest part of the consumer's dollar he has ever received. The grower last year got less than 25 per cent of that dollar. The transportation companies took a bigger slice than ever before, getting their share up from 15 per cent to about 25 per cent. The packers, shipper and seller took about 15 per cent and the jobber got about 10 per cent. The retailer also raised his ante from 24 per cent to 26 per cent. The grower has been forced to take care of his grove, more to fumigate and much more to fertilize it.

Registration of the aliens living in Redlands, now at its height, has developed the fact that a large percentage of the aliens who can become citizens have made application for citizenship, but have gone no farther than the first step.

This is true of the Canadians and English people especially. A great many of them have made their applications within the past year, practically all of them since the war. Excluding the Japanese, probably more than 70 per cent of those who registered have taken out first papers. It is believed that there will be more of this kind of thing in the future. Guy Daniels, coach of the University of California, is planning to leave early in the fall for a tour of the United States. Daniels is planning to leave early in the fall for a tour of the United States. Daniels is planning to leave early in the fall for a tour of the United States.

EVEN A COMEDIAN MAY SMILE.

Who Wouldn't, With Such Inducement?

BOILING PLAYS DOWN.

TABLOID VERSION OF "BABY MINE" AT THE ORPHEUM.

By Grace Kingsley.

Now they're boiling down their plays for vaudeville. The Orpheum management announces a condensed version of "Baby Mine," in which Nanton Welch will play, the act to be here in September. Other tabs include a one-act version of "Parlor, Bedroom and Bath" and a miniature "Fanchon and Maude" "skunk."

Prothingham Busy.

The newest of the Frothingham productions will be "The Daughter of Brabantia," by J. A. R. Wyle, which will be commenced next week under direction of Edward Blom. In this Margaret De la Motte will have the leading feminine role, opposite James Morrison. Ethel Gray Perry and William V. Mong also have important roles.

Life Line Lines.

Whatever would the poor publicity men do nowadays without the stories concerning—

The faithful old gate man who didn't know the picture producer on his own lot, and tried to put him off, but was so much appreciated that he got promoted to being inside doorman.

The joke about "stills" and prohibition.

The heroine rescuing the heavy man from a watery grave.

The crowd not knowing it was a picture being taken, etc., etc.

The father that found his long lost when he sighted her working as an extra in a picture?

Not to mention the young ladies who get lost and wander away into the brush?

Ben Wilson Company Fills.

When serial producers follow the enterprising example of Henry MacRae and go into interesting localities to make their pictures, they're going to find an interested public. The latest film company to deserve special mention along this line is the Ben Wilson Productions, which will make its next serial amid the beauties of Yellowstone National Park.

Already Duke Worne, director, "Clarendon" production and studio manager, and Karl R. Condit, scenario writer, are at Yellowstone, preparing for "Nanette of the North," which so far is the most of the new thriller. Ann Little, the featured player, together with the rest of the actors, will join the company within a week.

Ralph Lewis Builds.

Just about the most wonderful thing in the world is home life, says the actor, principally because he's deprived of it when on the road. So about the first thing a recruit from the stage does when he enters the picture colony is to buy or build a home.

Ralph Lewis is the latest player to announce that he's building a home. It is located in Hollywood, and is going to embody all the features he has ever longed for, including a smoking den, a billiard room, and even a little roof garden.

De Haven Heard From.

Word comes from New York today that Conrad Veidt, the comedy and screen star, contemplates the building of a replica of the famous Jardin d'Acclimatation in this city for the special benefit of California tourists.

It is not stated when Mr. De Haven will return, but members of eastern restaurant and theater men are said to be interested in the project. De Haven last to desert pictures, however, but is to return some time next fall.

Just by way of showing he really understands these things, De Haven built such a Jardin d'Acclimatation in his picture, "The Girl in the Taxi," which comes to the Kinema for two days, beginning Saturday, after which that theater is to be closed for a week to undergo renovation.

Jackie Coogan Hospital Nod.

Being a regular boy, Jackie Coogan is, of course, subject to mishaps. But it does seem sometimes as though he had more than his share. No sooner had he recovered from his operation on his tonsils, than he went out to see what further trouble he could get into.

Running across the lawn of his Hollywood home, yesterday, Jackie collided with a barbed wire, which caught the little fellow's neck, cutting into his flesh and throwing him to the ground. Now Jackie has an injured neck and a cause being wrapped tightly about it.

Somewhere was telling Roscoe Arbuckle about Master Coogan's troubles yesterday, and Roscoe remarked: "Well, I'd think like Mark Twain advising the girl who was always writing to him about her lover's mishaps in the war, and whom Twain advised to marry while there's anything left of him," that Jackie had better go to work while he got some of his members still intact."

Ruth Renick to FBI.

Having just purchased a whole flock of sport clothes in which she looks perfectly stunning, what more natural than that Ruth Renick should want to wear some of them where they'll show off to best advantage? Miss Renick, who has just completed an engagement as leading woman in a Fox film, is to take a motor boat trip next week up the Coast. She will visit friends in Montecito and Carmel-by-the-Sea.

Helen Eddy Busy.

Some people may be frivolous enough to spend all their spare time during the hot spell in bathing and motoring. Not so, Helen Eddy. This ambitious young lady is wrapping a cold towel around her head and going in for the study of dramatic expression and ranch under direction of private tutors.

Here and There.

Betty Franciosi will play the leading role opposite Buck Jones in his next Fox special picture. The company left a few days ago for Victorville and vicinity.

For motoring through Southern California between pictures.

After a stalling hot month on the Mojave Desert, Harry Carey will arrive at Universal City tomorrow to conclude "The Fox," his latest production.

Priscilla Dean has returned from British Columbia where most of the scenes of "Confessions" were made.

Bests into Poetry.

Say what you like about poets needing to make their poetical feel

Who are entertaining quite royally in a revival of Mr. Lloyd's film comedy success, "Haunted Spooks," at Miller's.

RADIOS.

OPERA IN OFFING.

SAN CARLO COMPANY FORMS PLANS FOR SEASON.

By Edwin Schallert.

With the organization destined to visit the Coast shortly after the New Year, formulation of plans is already under way, with Fortune Dello as impresario, for the coming season of the San Carlo Opera Company. Both in singers and repertoire, there is promise of the usual popular appeal, with perhaps some enlarging of the scope for novelty.

The repertoire is to be drawn chiefly from the routine operas like "Aida," "Carmen," "Madame Butterfly," "Trovatore," "La Boheme," "Martha," "Rust," "Gloconda," "Harbor of Seattle," "Lucia," "Cavalleria Rusticana," "Traviata," "Rigoletto" and "La Forza del Destino."

Among the less familiar works that may be added are "La Navarraise," by Massenet; "Salome," by Richard Strauss; "Hansel and Gretel," by Humperdinck; "Secret of Suzanne," by Wolf-Ferrari; and "Manon," by Massenet. It is also possible that "Lohengrin" and "La Tosca" will be given.

It is likely that Mr. Dello will introduce Tamaki Miura as the star in "Butterfly" during the season. He has been abroad, Ester Ferrabini, Anna Figini, Alice Gentile and Marcello Craft are also mentioned as guest stars, although it is unlikely that Miss Gentile will come West with the company.

Zoellners Off to East.

The Zoellner Quartet, well known to music lovers here from their ensemble concert, will leave today for New York, where they will spend three weeks making records.

The recent recordings of their music were so popularly received that a further output was desired by the eastern manufacturers, and the Zoellners will return about August 20.

Like the Coast.

Those Orpheumites certainly seem to like the climate, or something in the air, for at any rate a number of them are spending the summer here. Paul Nicholson and his wife, for instance, are here for the season. Olga Gyl and Marion Velle are present. And also vacationing locally, just now are such famous names as Trilby Frigiana, Louise Dresser and Jack Gardner, Julian Elling and June Elridge. And even that isn't all.

Miss Frigiana is spending her time at the Pomona Hotel in Hollywood, with sister Bessie.

Giant to Appear.

Frederick Peters, the giant of the films, is to make a personal appearance in connection with the showing of the "Miracles of the Jungle," at the Orpheum. The symphony theater, Mr. Peters made several personal appearances recently at the Rialto Theater in San Francisco.

Gets California Play.

Along with other manuscripts Oliver Morosco has just acquired a California play, written by Mrs. Fremont Older of San Francisco. It is titled "The Madonna of Monterey."

Mr. Morosco plans to produce this either in New York or Los Angeles. It is reported.

Keaton Comedy Ready.

The first Buster Keaton comedy for Associated First National Pictures has been completed. Lou Anner having wired J. D. Williams, general manager of the association to that effect.

Busy Days at Kinema.

All preliminaries are now arranged for the start of the remodeling and redecorating of the Kinema Theater, beginning Sunday night. It is anticipated that by Monday-morning the huge scaffolding will be up and the structure ready for the occupancy of painters and decorators.

Will Talk, Too.

Lucille Ricken, one of the youngest leading ladies in cinemaland, has left for Minneapolis, where she will make personal appearances at several of the leading theaters. Lucille is the dainty sweetheart of the Booth Tarkington Edgar comedies, produced by Goldwyn. She has recently been promoting her voice in the silent drama occupies most of her attention, she can make a melodious note when it is necessary.

Gorightly Going Abroad?

It looks as though it would be a long time before Thomas Garaghty

track, still there's something that will strike a responsive chord in more than one heart about a verse which has just been heard from the pen of genius, off the end of the pen wielded by William Worthington. Director, with Jack Mower looking over his shoulder ever and anon to guide the spirit of genius.

"A woodpecker's farm is what I'm going to buy. The I want, I want the whole darned world goes dry. There won't be enough woodpeckers for us all. When they start to pick the wood out of wood alcohol."

Miss De la Motte Denies.

After all, Marguerite De la Motte isn't to marry Mitchell Leisen, as so often reported. She sent word from the stage that she enters the picture colony in to buy or build a home.

The English women are crazy to marry. They won't let the poor men alone in that country. I know from experience when I was there last winter.

"More than once in London I saw a young fellow walking down the street with a girl on either side of him, so that half the time I was walking in the street. I had to change my hotel address after some bird invented the information that I was looking for an English wife, with the result that I had more mail notes than I could open."

"If I didn't get married, I don't know how to propose, that's all."

Take Your Last Look.

Students of American history are invited to visit the Goldenwyn studios and gaze upon a real, old-fashioned bar, complete in every detail except one. Most of the action in "The Sin Flood," which Frank Lloyd is producing, takes place in a saloon.

In order to have every detail correct, a complete bar was purchased in the States and moved to the studio. Of course bars are now for sale cheap. The only thing that doesn't seem natural is that the drink is so good.

In the cast are Richard Dix, Helen Chadwick, James Kirkwood, John Stepping, Ralph Lewis, Howard Davis, Will Walling, Darryl Karr, William Orlamond, Otto Hoffman and L. H. King.

Film Players Win Hand as Fire-Fighters.

What probably is the highest-salaried fire department ever assembled, yesterday succeeded in extinguishing a miniature blaze that attacked Metro's cafe, situated across the street from the company's Hollywood studios.

"Wonderful!" Harry, owner of the cafe, had tossed some highly inflammable substance—probably a portion of his famed paprika sauce—out of a rear window into a pile of brush. A moment later, a mass of flames developed the window. The studio fire alarm was sounded and the big inclosed stages disassembled and women in costumes that ranged from overalls to formal evening dress—Hawaiian straw to Fifth Avenue finery. There was absolute unanimity among the orderly mob—every man and woman had some duty to perform in connection with the fire, apparatus at hand.

Bert Lyall, the first to reach the scene, wielded the ordinary extinguisher of commerce with such telling effect that the flames soon were smothered. Gareth Hughes and George D. Baker had a lead of honor, snatching the hose and general manager of productions, supervised the removal of automobiles. In the group that was marshalled for the salvaging of Harry's stock of pies, doughnuts and Bevo, were Helen Eddy, Alice Lake, and a score of lesser lights.

It is estimated that the combined salaries of the fire fighters, for one day, would have purchased the cafe and rebuilt it had the flames proved more serious.

HOT BATTLE ABOARD SHIP.

A battle-battle that would make the far-famed Donnybrook Fair appear like a picnic, was fought yesterday by Norman Dawn on board a sea-going schooner in Edith Roberts' newest phase, "Thunder Island," to show next week at the Superba. The scene is an attack by Mexican pirates on the high seas and the director used for his grapplers a score of the hardest-boiled stevedores to be found on the San Pedro docks.

MRS. SKINNER IS FILM AUTHORESS.

The future of the two-reel drama, long absent from the screen as a representative form of picture production, seems now definitely assured. At least, it would appear to be from the continued activity of the Selig-Bork organization, which has now completed the third of the series they are making. The title of the new picture is "The Ne'er-to-Return Road," which bears the distinction of having been written by Mrs. Otis Skinner. Originally a one-act play, "The Ne'er-to-Return Road" won the prize at the Lambs' Gambol in New York a few years ago. Col. William H. Selig secured the motion-picture rights, and these have now been exercised with the production made under the direction of Bertram Bracken, the cast including Wallace Beery, Jack Muihall, Margaret McWade, Walt Whitman and Margaret Landis. Another short-reel drama is to be started immediately.

ever has a chance for a reunion with his friends on this Coast. For it seems that while wishing the Fitzmaurices "bon voyage" aboard the Aquitania in New York Harbor a few days ago, Garaghty suddenly decided he would accept Adolph Zukor's offer to manage the London studio and rushed away to book passage on the Adriatic.

This means, of course, that he will be on his way to the Coast, unless he changes his mind again.

VARIETY BENEFIT.

Woodcrafters to Stage Affair at Auditorium Tonight.

The Woodcrafters' vaudeville program will have two presentations, tonight and Saturday night, at Philharmonic Auditorium. The seat sale to date has been large, and the society matrons who are sponsoring the benefit hope to have a record attendance at both performances.

Will Rogers arrived from location today. Tony Moreno, Larry Remon and the other cinema celebrities scheduled for appearance, will be on hand at both performances. Many headline vaudeville acts summering in Los Angeles are donating their services.

In the fall, it is announced, Carrie Jacobs Bond will give a musical for the same cause.

DANSEUSE TO WED PICTURE WRITER.

The engagement of Miss Florence Russell, a member of one of California's oldest and most distinguished families, who has won success as a danseuse and a motion picture player, to Philip Hurn of Chicago and Hollywood, a scenario writer, was announced yesterday by Miss Russell's mother, Mrs. Atherton Russell of San Francisco.

Miss Russell's grandparents, Mr. and Mrs. Faxon Atherton, were leaders of society in California's pioneer days and were the first people to establish an estate at Menlo Park. She is very pretty and a talented dancer. A few months ago she went to Hollywood and entered motion pictures. During her short experience she scored a decided success. Her last engagement was with Douglas Fairbanks in "The Three Musketeers."

Mr. Hurn came to California three years ago from Chicago, and is rated as one of the most successful scenario writers in Hollywood. He is head of the scenario department of the Rockett Film Corporation and makes his home with John Fleming Wilson, the writer.

DEMOCRACY PAGEANT.

The Pageant of Democracy by Katherine H. R. Mollally will be presented this afternoon, under the direction of Miss Golden Upham. The cast of characters is as follows: Christianity, Miss Alice Walker; Democracy, Miss Golden Upham; Belgium, Katherine Ewing; France, Hable O'Neill; Italy, Rosemary Chew; Portugal, Ruby Vazquez; Poland, Helen Hays; Russia, Helen Hayward; Wales, Carole Watson; Greece, Mary Snodgrass; England, Maxine Kerster, and America, Mary Dynes. Other numbers consist of solos by Mrs. Margaret Prater, contralto; Mrs. Cora Knapp, noted baritone, and Miss Rosemary Chew, soprano. Miss Chew is a pupil of Prof. J. N. Whybark. Miss Mary Snodgrass, who is a graduate of the Los Angeles Conservatory of Music, will play "The Storm." This program is free to the public and will be given in the Temple Auditorium, 301 North Broadway, under the auspices of the W.C.T.U.

EDITOR FOR THE WEST.

Appointment of E. Lanning Masters as West Coast editor of Picture-Magazine, has been announced by Charles Gatehall, editor. Mr. Masters arrived in Hollywood this week and immediately assumed his new duties, succeeding Herbert Howe who has been the representative of Picture-Play here for some time past, but who now occupies a similar post with the Brewster Publications. Mr. Masters was identified with a newspaper for fourteen years ago. Afterward, he entered the magazine field in the East and then directed the advertising and publicity departments of U.S.E. and later of the Vitaphone Company. He was one of the founders of the Associated Motion Picture Advertisers, and in recent years he has been identified with an extensive investigation of the picture industry, conducted by a large banking organization in New York, among the current activities of which has been the financing of D. W. Griffith, Inc.

JACK WHITE RESTS.

Because of an unusual amount of strenuous work during the direction of the latest Hamilton-White-Margaid comedy, Jack White, director, was forced to quit work at the studios this week, and has been ordered by his physician to take a short rest. For the next few days, it is stated, he will recuperate at his mountain camp near Los Angeles. During his absence from the studios, W. V. Rarity, general manager, has engaged Del Lord, formerly director of Fox Sunshine comedies, to handle

MURDERER AND GUNMAN TAKEN.

Notorious Tommy O'Connor
Captured in St. Paul.
Bank Robber Pal is Also
Caught.

Carl Wanderer Again Beats
the Gallows.

(EXCLUSIVE DISPATCH.)
CHICAGO, July 25.—"Tommy"
O'Connor, notorious gunman, and
who has been sought for months as
the slayer of Detective Sgt. P. J.
O'Neill, was today captured by the
police of St. Paul. The police here
say they have records showing
O'Connor has committed four mur-
ders. Captured with him was James
Gallagher, a bank robber, with two
murders against his name.

Chief of Police Fitzmorris, who
has had men on O'Connor's trail ever
since last March, immediately or-
dered Chief of Detective Hughes
and five picked men to go to St.
Paul and bring O'Connor and Gal-
lagher back in iron.

PAY REWARD.
The Chief had offered a personal
reward of \$1000 for the capture of
O'Connor and he will send his check
for this amount to the members of
the St. Paul force who made the
capture.

Fate tricked O'Connor and Gal-
lagher. After having outwitted the
police of the entire country for
months, they landed in jail through
petty mistakes. O'Connor, stupid
with drugs, tried to hold up a Pull-
man car porter and was held as
"John Doe" until his finger prints
and Bertillon measurements be-
trayed him as the notorious crim-
inal with a price of his head. Gal-
lagher, filled up with moonshine
boots Saturday night, was put in
jail on a charge of disorderly con-
duct. A detective recognized him
just as he was to be released on
the petty charge.

AFRAID TO RETURN.
Today, with the drugs and booze
diminishing to such an extent that
they could think over their plight,
O'Connor and Gallagher begged that
they be not returned to Chicago.
O'Connor is wanted for the murder
of Detective Sgt. O'Neill, Dennis
Tierney, Illinois Central Railroad
collector, the slaying of "Jimmy"
Cherin, a fellow-rook, and innumera-
ble lesser crimes.

Gallagher is one of five bandits
who killed Rollard, a depositor,
and wounded Policeman Fred
Brunk, who held the Drexel
Bank. One of the gang was
captured and convicted. He said
Gallagher killed Rollard.

BEATS THE ROPE.
Carl Wanderer, who was slated
to execute the crimes of slaying his
girl wife, her unborn babe and an
unidentified stranger, on the gal-
lows tomorrow morning, has again
"beaten the rope."
Gov. Small today granted him a
reprieve until September 30. This
stay of execution was granted, it
is said, so that one member of the
Supreme Court will have opportu-
nity to investigate the alleged in-
sanity of the triple murderer. It
is also said that William R. Mc-
Cawley, State commander of the
American Legion, had joined with
Wanderer's attorneys in a request
for the reprieve. Wanderer was a
lieutenant in the overseas forces and
this fact has brought him the as-
sistance of the Legion.

**CHAMBERLAIN NOW
GERMAN SUBJECT.**
**ANTI-BRITISH PROPAGANDIST
LOSES LIFE INTEREST IN
LARGE ESTATE.**
(BY CABLE—EXCLUSIVE DISPATCH.)
LONDON, July 25.—An English
court today decided that Houston
Stewart Chamberlain, the English-
man who was notorious during the
war by reason of his violent anti-
British propaganda, is now a Ger-
man subject within the meaning of
the Versailles Treaty, and conse-
quently forfeits a life interest in
the estate of his uncle, the late
Gen. Sir Crawford Trotter Cham-
berlain.

Chamberlain was born in England
in 1855, lived in Vienna from 1882
to 1906, and afterwards went to Ger-
many where he divorced his first
wife. In 1906 he married Eva
Wagner, a daughter of the famous
composer, Richard Wagner.

HOW .. EDUCATOR .. LOST .. LIFE.

Widow on Her Way to Banff.
And sketch showing how he met death in Canadian Rockies.

W. E. Stone of Purdue
And sketch showing how he met death in Canadian Rockies.

BANFF (Alta.) July 25.—[By Associated Press.] Guides, carrying
Mrs. W. E. Stone, widow of the president of Purdue University, who fell
to his death on Mt. Egan, today were picking their way over a treacher-
ous mountain path to Marble Creek. Mrs. Stone was in a serious condition
and unable to give a detailed account of the tragic death of her husband.
Overcome by shock, she also was suffering from hunger and exposure,
having been eight days and nights with little food, helpless in a deep
mountain crevice. Alpine Club members and newspaper men have left
here to take provisions and medical supplies to the Marble Creek camp,
which has been prepared for Mrs. Stone. The search for Mr. Stone's body
continued today, but no trace of it had been found in the bottom of the
chasm, in which it was supposed to have dropped.

MAY FUND ALLIED DEBT.

(BY A. P. NIGHT WIRE.)
WASHINGTON, July 25.—The administration bill to give the Treas-
ury Department blanket authority to fund the \$10,000,000,000 of Allied
debt and interest was reported favorably today by the Senate Finance
Committee. The vote was 9 to 5, Senator Williams, Democrat, Mississippi,
voicing with the Republicans, and Senator La Follette, Republican, Wis-
consin, with the Democrats. Republican leaders said consideration of the
bill probably would go over until after the recess of Congress.

The administration draft was ap-
proved with only one amendment,
that offered by Chairman Penrose,
requiring funding to be completed
within five years. There was no
recorded opposition to the amend-
ment, but further efforts to revise
the bill were defeated.

In contrast to the action of the
committee, negotiations were re-
ported proceeding between Republi-
can and Democratic committee
members toward an agreement un-
der which the authority granted the
Secretary of the Treasury would be
restricted.

Prior to the committee's action,
Secretary Mellon presented a memo-
randum, called for by the commit-
tee, in which he declared that in
view of the action of his predeces-
sors "this government is committed
to the postponement of the interest
for two or three years," and "to the
spreading over subsequent years, of
the payment of the postponed inter-
est." On such foreign govern-
ment carrying out, with reasonable
promptness, after this government
is ready to proceed, a satisfactory
funding of its existing short-time
obligations to this country."

**HEADS OF AGRICULTURE
DEPARTMENT NAMED.**
**FURTHER ANNOUNCEMENT OF
FILLED POSITIONS UNDER
NEW REORGANIZATION.**

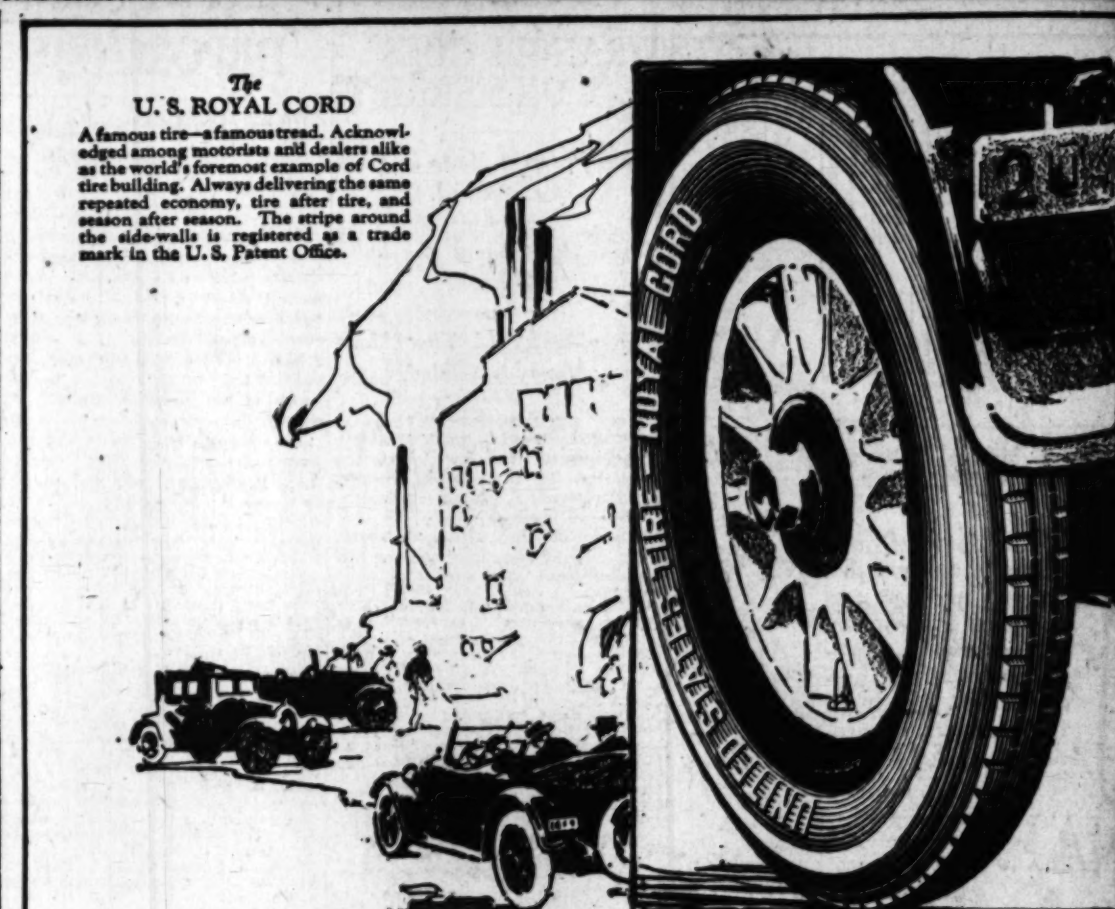

(BY A. P. NIGHT WIRE.)
WASHINGTON, July 25.—Definite
announcement of the personnel of
the directing heads of the State De-
partment of Agriculture, under
the administration's reorganization
scheme, which becomes effective af-
ter midnight, July 29, was made to-
day at the office of Gov. Stephens.
G. H. Hecox will remain as direc-
tor of the department. His assist-
ants, who will be chiefs of their re-
spective divisions, are: H. C. Met-
vin, weights and measures; Harry
S. Maddox, markets; Dr. J. P. Iver-
son, animal industry; George P.
Gray, chemistry; Director Hecox
will head the division of plant in-
dustry by virtue of his office.
The only change in the department
is the inclusion within it of the old
department of weights and measures
and the director of markets.

**IMMATURE FRUIT.
PURCHASE BANNED.**

(BY CABLE AND ASSOCIATED PRESS.)
KINGSTON (Jamaica) July 25.—
The Legislative Council today
adopted a law prohibiting the pur-
chase and exportation of immature
fruit. The measure was the out-
come of the keen competition be-
tween American companies purchas-
ing and shipping bananas from Ja-
maica and the other British India.
The colonies of the British West
Indies have decided upon a uniform
customs tariff. Arrangements are
being made to give preference to
Canadian goods, principally flour.
In return Canada is to give preference
to West Indian products, principally
sugar and oranges.

**TWO AVIATORS DIE
AT LEGION FETE.**

(BY A. P. NIGHT WIRE.)
FAVRE (Ore.) July 25.—Eugene Roberts and Harry Myers, for-
mer Army aviators, fell to death here
today when the airplane in which they
were performing, a feature of
an American Legion celebration, fell
500 feet.

The
U. S. ROYAL CORD
A famous tire—a famous tread. Acknowl-
edged among motorists and dealers alike
as the world's foremost example of Cord
tire building. Always delivering the same
repeated economy, tire after tire, and
season after season. The stripe around
the side-walls is registered as a trade
mark in the U. S. Patent Office.

**The truth a year ago:
a bigger truth to-day—**
"Go to a legitimate dealer
and get a legitimate tire"

If it were possible for the thou-
sands of U. S. dealers to gather
into one big national convention,
the public would have a surprising
picture of good tire merchandising.
Probably you would see banners
reading like this:—
"We sell tires and tire service—not
discounts."
"Our customers demand the par
quality tire at a net price."
"Ask us about the leadership of
U. S. Royal Cords."
"The public wants values instead
of discounts."

The sale of U. S. Royal Cord Tires
in June, 1921, more
than doubled that of
June, 1920.
People have ac-
cepted U. S. Royal
Cords as the tire that

As people say
everywhere

Co-Lo
Restores Original Color to
Gray Hair
Co-Lo restores the natural
color, life and luster to gray
and faded hair in a manner
nature approves—a scientific
process perfected by Prof. John
H. Austin of Chicago, over 40
years a hair and scalp specialist.
Secrets of Co-Lo Success
Co-Lo is a wonderful liquid. Clear,
odorless, greaseless. Without lead
or sulphur. Without acid. Will
not wash or rub off. Will not injure
hair or scalp. Pleasant and simple
to apply. Cannot be detected like
ordinary hair tints and dyes. Will
not cause the hair to split or break off.
Co-Lo Hair Restorer for every nat-
ural shade of hair—A6, for black and
dark shades of brown; A7, for jet
black hair; A8, for medium brown
shades; A9, for light brown drab and
auburn shades.

CASE AGAINST JUDGE NEAR END

NEWS IN TRIAL IN
ARISING OUT OF
HAWAIIAN OIL SUIT.

IN A P. NIGHT WIRE.
HONOLULU, July 28.—The
trial of Judge Loefer in the
Hawaiian oil suit, charged in an information
alleging a bribe to decide the
case, is drawing to a close.

admitted by the State
attorney that the judge had
received evidence was brought
out in the trial.

an alleged intention of
Judge Loefer, one of the
judges in the present information
alleging a bribe to bring a
decision against the
Hawaiian oil suit.

LOS ANGELES GIRL IS AUTO CRASH VICTIM

(LOCAL CORRESPONDENCE)
VENTURA, July 28.—Miss Ruth
Hatfield of Los Angeles, aged 19, is
seriously injured as a result of an
accident that occurred here when the
car in which she was riding was
struck by another machine driven
by D. J. Kohlhaas of Carpinteria.
Her father and mother also suffered
injuries. All were removed to
Bard Hospital here.

RUSH TO ESTABLISH BANK IN BEAR VALLEY.

(LOCAL CORRESPONDENCE)
REDFLAND, July 28.—Bear Valley
may have two banks instead of
one or none. At present there is
no bank in the valley, but Victor-
ville bankers have announced that
they have completed plans for the
establishment in the summer play-
grounds of the first bank. The San
Bernardino National Bank now an-
nounces that it is considering the
establishment of a branch in Bear
Valley.

ARKS FOR CITRUS RECORDS.

Henry Coles, traffic manager of
the California Citrus Fruit Ex-
change, who is representing the var-
ious citrus fruit shippers of the
south at the citrus heater protec-
tion hearing in Chicago, has wired
the Mutual Orange Distributors here
for a transcript of all shipments for
the past year under the Shipper
Protective tariff. If successful in
the case, the citrus shippers will
not be compelled to ship under pro-
tection during the winter months.
They have demonstrated that the
protection is more costly in pre-
miums than it is worth to them.

CHOSEN CHAIRMAN.

Rev. Ralph P. Smith, rector of
the Trinity Episcopal Church of
Redlands, has been chosen the chair-
man of the San Bernardino County
Welfare Commission for the year.
Mrs. J. W. Barton of San Bernardino
is the vice-president. The commis-
sion has voted to enlarge the health
and child placing committee so as
to be able to take care of the in-
creased work better.

MILLIONS FOR USE IN BIG POWER PLAN.

(BY A P. NIGHT WIRE)
SAN FRANCISCO, July 28.—Au-
thority to issue \$6,000,000 in bonds
to meet certain capital expenditures
for the development of an electrical
power program along Big Creek and
the Kern River in Fresno and ad-
joining counties, was granted the
Southern California Edison Com-
pany by the Railroad Commission
today. The company notified the
commission that power units with
a total of 22,000 horsepower had
been completed on Big Creek and
the Kern River.

WILL DO MORE HARM THAN GOOD, DECLARES HEAD OF STATE UNIVERSITY.

(BY A P. NIGHT WIRE)
BERKELEY, July 28.—Action
of the last State Legislature in im-
posing an increased tuition fee for
University of California students
from outside the State was
denounced by President David P.
Barrows in an address before uni-
versity summer school students
yesterday. This legislation, Bar-
rows said, "probably will do more
harm than good."
President Barrows predicted that
there would be a great decrease in
the number of students from out-
side the State during the coming
year. He also predicted that the
\$50 yearly tuition fee inaugurated
for resident students, saying he did
not believe it to be in sympathy
with the liberal attitude followed for
the last fifty years.

COCAINE VENDORS ADOPT NEW TRICK.

(BY A P. NIGHT WIRE)
PARIS, July 28.—Cocaine vendors
operating in the Montmartre district
have been using a new trick to baff-
le the police. Last night a detective
standing in the Place Pigalle. A
continual file of youths and girls
came up to the taxi cab, stretched
their hands out with 20 francs and
received a small packet.
The detective then stretched his
hand inside with 20 francs and re-
ceived a packet which contained
cocaine. The police raided the cab,
arresting "Raymond, the Accordion
Player," as the occupant was nick-
named, who disguised as a chauffeur,
driver in a near-by cafe.
The police found three pounds of
cocaine and boric acid crystals
mixed and made up into tiny pack-
ets in the cab. It is estimated that
"Raymond, the Accordion Player,"
who smuggled the drugs from Ger-
many, made a profit of 20,000 per
cent per pound.

WAR VETERANS GET PERMIT.

(BY A P. NIGHT WIRE)
SAN FRANCISCO, July 28.—
Edward Egan and Walter Manthly,
disabled soldiers, were given a per-
mit by the Railroad Commission
yesterday to operate an automobile
service between San Bernardino
and the government
hospital at Arrowhead Springs.

"I WANT A FAIR TRIAL"—SMALL.

Governor Stoutly Proclaims
His Innocence

Hotly Resents the Charge That
He is in Hiding.

Prosecution to Fight Any
Habeas Corpus Try.

(EXCLUSIVE DISPATCH)
CHICAGO, July 28.—"I want an
immediate trial. I have no fear of
the outcome if I am given an honest
hearing," said Gov. Small today. "I
cannot get a fair trial in Springfield,
or Sangamon county, and these men
who are raising such a hue and cry
about me know I never could get a
square deal in Springfield. They also
know the reason why."
The people of Illinois need have
no fear as to the guilt of their Gov-
ernor. I am innocent and demand a
fair opportunity to prove it. I am
willing to face any jury in the world
outside of Sangamon county."

HOLDS CONFERENCE.

The Governor held a long confer-
ence in Chicago today with a number
of close political friends and a group
of attorneys. Stories that he is in
hiding are disproved by the fact that
he toured the parks today in a large
car with some friends. "This car was
closely followed at all times by an-
other, presumably carrying the Gov-
ernor's personal bodyguard."

While it is expected here that he
will return to Springfield very soon
and surrender to Sheriff Master,
Atty-Gen. Brundage's forces are
planning to fight any move on the
part of the Governor to surrender
to a Cook county judge and obtain
his release on a habeas corpus writ.
Brundage's men, it is said, will go
to the extreme of carrying the fight
to the State Supreme Court to win
their point. Men behind the prosecu-
tion of the Governor profess not
to be worried about the Governor
obtaining his release on a habeas
corpus writ. In such an event the
proceedings could be instituted again
on some other count and he would
be required to secure a second writ,
or a number of writs, if he leaves
the State. It is said a fugitive war-
rant would issue.

There is a precedent in Illinois
which smashes the chances of the
Governor to escape by means of a
writ of habeas corpus issued by a
Cook county judge. The Supreme
Court has held, in a similar case,
that this action is illegal. Atty-Gen.
Brundage says he does not believe
the Governor will resort to habeas
corpus, but declines to give his reasons
for the opinion.

ANOTHER WORRY.

To add to the Governor's wor-
ries, the news was brought from
Rockford that Lieut.-Gov. Sterling,
indicted with Gov. Small as a co-
defendant, is alarmed at the present
angle and plans to come to Chicago
tomorrow for a conference with his
attorneys. It is intimated that he
is contemplating a request that he
be tried alone, and is reported to be
satisfied to have his case heard by
Judge Smith at Springfield.

The Governor's hotly resents any in-
formation that he is hiding. In fact
he has made no attempt to hide.
He is stopping at a prominent hotel
in Chicago, eating in a public res-
taurant and is frequently seen in
the streets. It was said tonight that
he plans to go to his home in Kan-
kakee tomorrow and may return
to Springfield Monday. Meanwhile
Sheriff Master is sitting tight and
says he will give the Governor a
reasonable time in which to come
in and surrender.

BARROWS ASSAILS HIGHER TUITION.

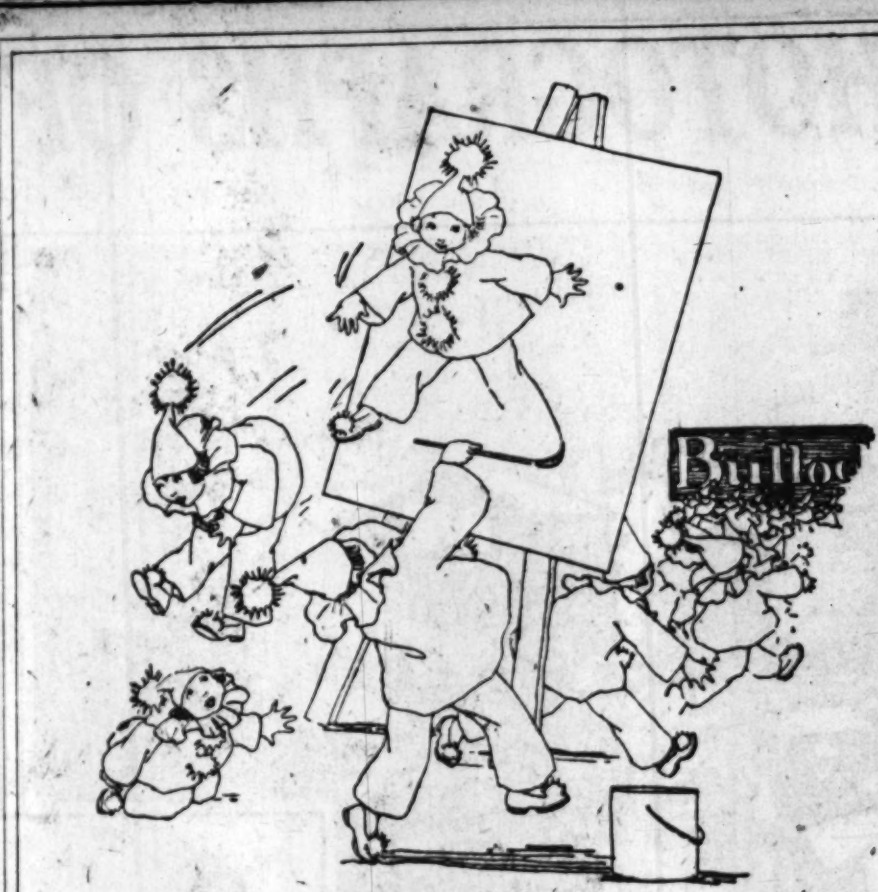

(BY A P. NIGHT WIRE)
BERKELEY, July 28.—Action
of the last State Legislature in im-
posing an increased tuition fee for
University of California students
from outside the State was
denounced by President David P.
Barrows in an address before uni-
versity summer school students
yesterday. This legislation, Bar-
rows said, "probably will do more
harm than good."

COCAINE VENDORS ADOPT NEW TRICK.

(BY A P. NIGHT WIRE)
PARIS, July 28.—Cocaine vendors
operating in the Montmartre district
have been using a new trick to baff-
le the police. Last night a detective
standing in the Place Pigalle. A
continual file of youths and girls
came up to the taxi cab, stretched
their hands out with 20 francs and
received a small packet.
The detective then stretched his
hand inside with 20 francs and re-
ceived a packet which contained
cocaine. The police raided the cab,
arresting "Raymond, the Accordion
Player," as the occupant was nick-
named, who disguised as a chauffeur,
driver in a near-by cafe.
The police found three pounds of
cocaine and boric acid crystals
mixed and made up into tiny pack-
ets in the cab. It is estimated that
"Raymond, the Accordion Player,"
who smuggled the drugs from Ger-
many, made a profit of 20,000 per
cent per pound.

CONTROLLING CHINA. COULD DEFEY WORLD.

WOULD GIVE JAPAN NEEDED
RAW MATERIALS, SAYS
SHANTUNG EDUCATOR.

(BY CABLE-EXCLUSIVE DISPATCH)
SYDNEY, July 28.—With Japan
in control of the Chinese resources
the Island Empire in the Pacific
could defy the world, was the state-
ment made here by Prof. Keyte,
of Shantung University, who is visit-
ing Australia.

"Japan cannot wage a first class
war because it does not control suf-
ficient raw materials. If it could get
hold of China's resources it could
defy the world. Why should we
allow it, much less assist it, to get
control by putting into its hands a
sword it never had before?"

"In the province of Shantung
there is enough coal and iron to
supply all the arsenals in the Far
East with all the material they
would ever require. Hankow could
be made into another Pittsburgh."

"It is natural for one nation
which is poor in what it needs for
its development to look longingly
at another."

"The press of Japan is under the
absolute control of the government
and prints only what the govern-
ment desires. Japan is the most
autocratic country in the world,
all the power being in the hands
of half a dozen men."

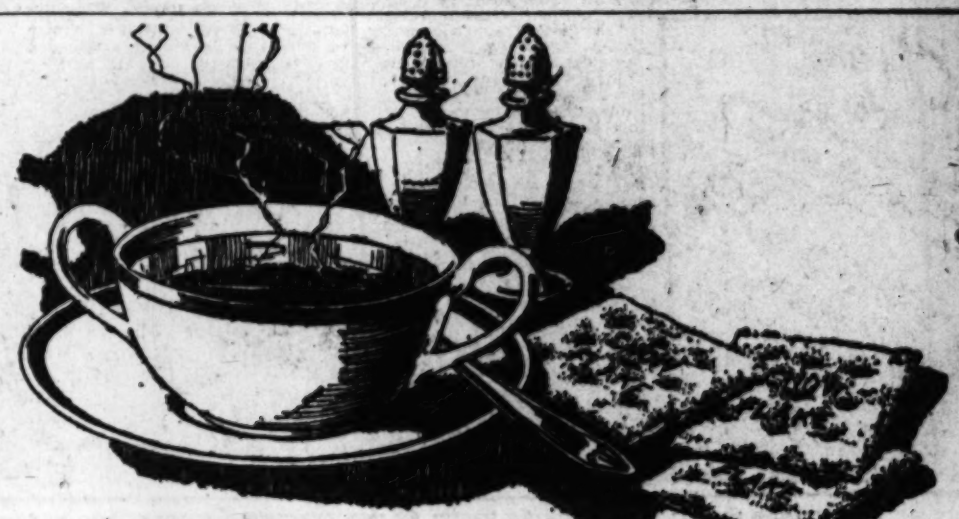

GOLF ALIENATED LOVE OF HUSBAND.

GAME BLAMED FOR MENTAL
WOES OF MRS. HAYWARD,
WHO ASKS DIVORCE.

(EXCLUSIVE DISPATCH)
NEW YORK, July 28.—How the
game of golf alienated the affections
of Sterling F. Hayward, vice-pres-
ident and general manager of the
Connelly Iron Sponge and Governor
Company, this city, was set out in
affidavits by his wife, Rachel B. Hay-
ward, read yesterday before Chan-
celler Fielder in Newark, N. J. Mrs.
Hayward applied for temporary al-
imony pending the outcome of her
petition for a divorce. The court
disallowed the alimony claim.
For several years Mrs. Hayward
swears her husband's addiction to
golf was so strong that he virtually
excluded her from his life. He
treated her cruelly in the presence
of others including their two chil-
dren, she adds.
From 1912 on her husband has
occupied a separate room in their
home at 20 Prescott avenue, Mon-
clair, N. J., and for months at a
time she alleges he would refuse to
sit at the table with her or eat food
prepared by her.

WAR VETERANS GET PERMIT.

PESSIMIST TO BE SQUELCHED.

Phoenix Business Men Hold Pollyanna Meeting.

Decide Local Conditions in Fine Shape.

Power Company to Spend \$500,000 Soon.

(EXCLUSIVE DISPATCH.) PHOENIX, July 25.—The business men of Phoenix, assembled in special meeting, reviewed local business conditions and declared them reasonably good. In the chair was George Moriarty, an automobile man, who urged that every effort be put forth to discourage the pessimist who delights in prophecy of disaster. H. L. Allen, manager of the Central Arizona Light and Power Company, told how his corporation is preparing to spend \$500,000 to be ready for the great growth the city is sure to have.

OPTIMISTIC TALKS. Manager E. Power Conway of the Warren Bitulthite Company stated that his corporation never was busier since its advent in Phoenix and there were optimistic talks by Manager H. Mitchell of the Phoenix Street Railway Company, Manager C. M. Scott of the Arizona Eastern railway system, President Wallace Button of the Merchants' and Manufacturers' Association, T. B. Stewart, a leading open-shop contractor, and manager F. G. Paine of the Standard Oil Arizona district. Merchants generally report good business, restricted mainly by conditions that have come from the closing of the mines that have served as a market for the valley's surplus supplies.

There is a feeling that the cotton situation will improve materially, especially if a tariff be imposed. The cotton crop has brought at least \$1,000,000 profit to the valley and hay and grain are moving out briskly at fair prices. The Roosevelt

BURNT TO DEATH PLAYING HOUSE.

Four-Year-Old Dies in Flaming Rabbit Hutch Set Afire by Using Matches.

(BY A. P. NIGHT WIRE.) HOOD RIVER (Cal.), July 25.—Hal, 4-year-old son of Mr. and Mrs. Harold Fuhrman, was burned to death in a small rabbit house near his parents' home yesterday. Hal and a little neighbor girl were playing house, using matches to start a fire. Trash in the tiny structure, blazed, overcoming the little boy before he could escape through the small opening. The girl was badly burned.

reservoir, still holding water for more than a year's needs, now is filling again. Rains have fallen on the ranges of Central Arizona, benefiting the stockmen, who now have steers to bring to the Salt River Valley pastures. Labor costs and the price of supplies all have had sharp descent. There is general expectation of a prosperous fall-time.

PEACE OFFICIALLY SET FOR SEPTEMBER.

LLOYD GEORGE ANNOUNCES THE OFFICIAL DATE FOR WAR'S TERMINATION.

(BY CABLE AND ASSOCIATED PRESS.) LONDON, July 25.—The date for the official termination of the war, except as regards Turkey, will be September 1, the Prime Minister, Mr. Lloyd George, announced in the House of Commons today.

Under the "termination of the war act," the war could not be declared officially ended for Great Britain, until all the peace treaties had been ratified, but it had been decided that the treaty with Turkey might be ignored. The last of the other treaties, that with Hungary, was ratified in Paris Tuesday last. The setting of the date for the official end of the war will pave the way for the settlement of financial transactions outstanding between the Bank of England and the Stock Exchange, and will mean much to certain lines of business.

FORD'S FREIGHT CUT WORRIES UNIONITES.

PROPOSE TO INVESTIGATE HOW HE INTENDS TO WORK COMING REDUCTION.

(BY A. P. NIGHT WIRE.) WASHINGTON, July 25.—The American Federation of Labor officials are considering the advisability of having a union-labor delegation investigate the method by which Henry Ford proposed to reduce freight rates and raise wages on his railroad, the Detroit, Toledo & Iron-
ton.

The Consolidated Coal Company of Baltimore protested today the investigation Commerce Commission against the reduction of rates on coal from the Ohio River to Detroit, proposed by Mr. Ford's road. The complaint said that the proposed reduction would be prejudicial to the same points. The reduction proposed by the Detroit, Toledo & Iron-
ton amounts to 25 cents a ton on coal.

LADDER IS PULPIT OF BISHOP FALLOWS.

PREACHES TO CROWDS OF OFFICE WORKERS—STREET IS CHURCH.

(EXCLUSIVE DISPATCH.) CHICAGO, July 25.—With a ladder for a pulpit and La Salle street for a church, Bishop Fallows and the Rev. Howard Agnew Johnston preached sermons at noon today to crowds of office workers, bank presidents, brokers, stenographers and messenger boys.

The two eminent clergymen took turns on top of a ladder. They were inaugurating a drive to obtain 50,000 new members for Chicago churches by next Easter, to stimulate the interest of Chicagoans in religion, and to launch a movement for open-air evangelism.

CHEAP PIG IRON IS JAP DISCOVERY.

(BY CABLE—EXCLUSIVE DISPATCH.) TOKIO, July 25.—The discovery of a process for smelting magnetic ore, whereby Japan will be rendered independent of outside sources for its iron supply, has just been announced by Goro Matsukata and Dr. Asabu Natio, who claim the process permits production of pig iron for 25 yen (normally about \$12.50) a ton.

Numerous Japanese authorities, including Admiral Arima, a big gun expert and a leading metallurgist of the country, endorse the discovery and claim for the process. It is asserted that the process will remain a national secret.

RECESS EFFORT IS DEFEATED.

President's Plans Receive a Setback.

Senate Adds Two More Measures to Work.

Senator Norris Collapses After Debate.

(EXCLUSIVE DISPATCH.) WASHINGTON, July 25.—President Harding's efforts to induce Congress to take a recess received another setback today when the Senate steering committee, yielding to demands of the agricultural bloc, added two more important measures to the legislative program of the present session.

The two measures are: The Capper-Tincher bill to regulate grain exchanges as amended by the Senate Agricultural Committee. The Kenyon bill to give the farmers representation in regulating the national banking machinery by making the Secretary of Agriculture a member of the Federal Reserve Board.

FOLLOW BEER BILL.

The two bills, the steering committee decided, will take their place on the Senate calendar for consideration in the order named immediately after the antitrust bill is passed.

The committee took no action with regard to the most discussed question of giving tax revision precedence over the tariff bill. Members were of the opinion that this problem had not yet reached such a stage as to call for action.

The Capper-Tincher bill has been passed by the House, but it has been amended by the Senate to make it somewhat less objectionable to the grain exchange. The agricultural bloc has been insisting that action be taken on this measure at the present session.

NORRIS COLLAPSES.

At the conclusion of a vehement attack upon the administration and its supporters in the Senate for side-tracking his \$100,000,000 farm report corporation bill, Senator Norris of Nebraska, chairman of the Agricultural Committee, collapsed as a result of exhaustion due to heart weakness and the heat.

He finished his speech of several hours' length and walked into the Republican cloakroom, where he crumpled into heap. Several of his colleagues carried him into a near-by committee room where first aid was administered by Senator Ball of Delaware, a physician before he became a Senator. Later, Senator Norris was removed to his home, where it was stated his condition was not serious.

RESISTANCE FUTILE.

Earlier in the day the Agricultural Committee, under the pressure of administration influence, decided to displace the Norris bill with a substitute, said to be less likely to invite President Harding's veto. The vote was 16 to 2 Senator Norris vigorously resisted the substitution of the new bill, but only Senator Ladd of North Dakota supported him.

The substitute bill is a compound of parts of the Norris bill and parts of the bill introduced yesterday by Senator Kellogg of Minnesota with the approval of Secretary of Commerce Hoover and Eugene Meyer, director of the War Finance Corporation.

The committee, however, insisted upon inserting in the substitute several provisions of the Norris bill to which the administration had taken violent exception.

TAKE FOREIGN SECURITIES.

The most conspicuous of these provisions was an amendment authorizing the War Finance Corporation to accept securities of foreign governments in payment for farm products exported. Another amendment would extend credit direct to producers as well as to bankers and exporters.

The committee also adopted a provision authorizing the War Finance Corporation to increase its bond issue from \$1,000,000 to \$2,000,000,000 to give it greater credit facilities in handling farm products. The principal feature of the Kellogg bill, directing the War Finance Corporation to perform the functions proposed in the Norris bill, was retained.

OREGON HIGHWAY BONDS ARE SOLD.

ISSUE OF \$2,000,000 BRINGS PREMIUM OF \$2000; ROAD CONTRACTS LET.

(BY A. P. NIGHT WIRE.) PORTLAND, July 25.—Bids were opened today by the State Highway Commission for an issue of bonds to the amount of \$2,000,000, and also for the improvement of sixty miles of highway, including the pavement of an eight-mile section of the Pacific highway in Linn county. The issue was awarded to John S. Price & Co. and E. H. Rollins & Co. for \$2,002,094.

The price offered is a shade better than that obtained last month by the commission, reflecting an improvement in the money market.

Regarding the Roseburg-Coos Bay highway, the commission decided to adopt what is known as the Broadway connection with the Pacific highway on condition that Douglas county build a good road to Dillard, the nearest shipping point.

Bids were opened on a number of road projects.

PROMOTION TO BE GIVEN TO COL. GOFF.

(BY A. P. NIGHT WIRE.) WASHINGTON, July 25.—Col. Guy D. Goff, the assistant to the Attorney-General, will be assigned as head of the Justice Department's special bureau for the investigation of government war-time contracts.

ABSURD FOR MAN TO TRY TO RUN FEMALE.

CHICAGO CLUBWOMAN SCOFFS AT PROPOSED LEGISLATION AGAINST SMOKING.

(EXCLUSIVE DISPATCH.) CHICAGO, July 25.—"It is absurd for men to try to regulate the habits of women," said Mrs. Joseph T. Bowen, president of the Woman's City Club today, commenting on proposed legislation by Congress to prohibit smoking by "female persons."

"It is perfectly ridiculous. They ought to be ashamed of themselves for not being hard at work on something more serious and important. Smoking is a matter of personal taste and it is not important enough to make legislation about."

Miss Olga Meun, social chairman of the pageant of progress, was equally indignant. "Women certainly can decide for themselves a matter like that," she said. "I do not smoke nor do I approve smoking in public but it is absurd for the lawmakers to attempt to say what women shall or shall not do."

A bill to prohibit smoking by "female persons" was introduced by Representative Johnson of Mississippi and provides a fine for women who smoke and also for proprietors of hotels and cafes who permit them to smoke.

CAPITALIST AWARDED FORTUNE BY COURT.

GETS SEVENTH INTEREST IN SANTA CRUZ ISLAND HOLDING AFTER LONG FIGHT.

(BY A. P. NIGHT WIRE.) SAN FRANCISCO, July 25.—Edward A. Ross, San Francisco capitalist, was given a one-seventh interest in a fifty-nine-acre holding valued at \$2,500,000 on Santa Cruz Island, off the Ventura county coast, in a State Supreme Court decision today, which ended ten years of litigation over the property.

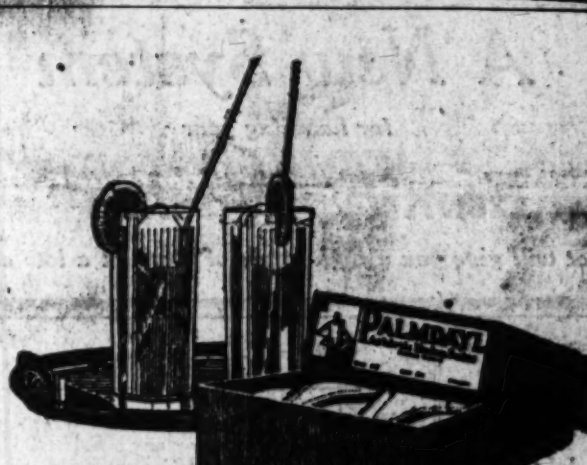

Ross originally was a stockholder in the Santa Cruz Island Company, which was formed to develop the island resources. The company became financially embarrassed and was reorganized. Ross charged he was deliberately eliminated from the new company and sued for a seventh interest in its holdings.

Former Treasurer Arrested.

(BY A. P. NIGHT WIRE.) BOW BELLS (N. D.) July 25.—Charged with embezzling \$164,000 while County Treasurer, Lawrence Larsen, farmer, was arrested yesterday on a warrant sworn out by J. H. Jensen, County Treasurer, who succeeded Larsen. Larsen has asked a preliminary hearing, and is at liberty on his own recognizance.

NATURE PUT IRON FOR YOUR BLOOD

In the banks of grapes and the pools and skins of fruits and vegetables our nature methods of seeking throw all these things away—hence the alarming increase in anemia—iron starvation of the blood, with its attendant and distressing symptoms of nervous irritability, general weakness, fatigue, disturbed sleep, headache, pains across the back, etc. Iron-Nutrated Iron—to help action your blood and revitalize your worn-out nature. Over 4,000,000 people annually are using it. Nutrated Iron is sold by all druggists.—Advertisement.

NEW YORK STOCK EXCHANGE.

[BY A. P. NIGHT WIRE.]

NEW YORK, July 28.—Recurrent weakness among numerous speculative issues, particularly equipments, was the depressing feature of today's stock market. Further pronounced ease of call money rates, which fell to 3 1/4 per cent, played no part in the calculations of traders.

Gross declines of three to twelve points accompanied the steady outpouring of Railway Steel Spring, General Electric, National Lead and Pressed Steel car. The latter sustained an initial decline of nearly eight points on overnight news that payment of the dividend had been deferred.

United Drug, yesterday's spectacular issue, opened at a five-point rally, which soon gave way to another reversal of seven points. The final quotation, however, showed a net gain of three points.

Pierce Arrow common and preferred, Studebaker, Pullman, American and Baldwin Locomotive, Famous Players, United Fruit, California Packing and half a score of

kindred as well as unclassified stocks reacted two to five points.

Rails were the only fairly stable issues, notably Pacifiacs and coalers. United States Steel and independent issues of that group showed occasional substantial support with high-grade oils, but eased variably at the heavy close. Sales, 485,000 shares.

Advances from steel centers said lower prices had brought little new business. The quarterly report of the Bethlehem Steel Corporation disclosed a large shrinkage of orders compared with the first three months of the year.

Exchange on London was steady and the French rate stiffened in response to the lower discount rate announced by the Bank of France. German and Austrian remittances weakened, with variable changes elsewhere.

Liberty Bonds were appreciably higher, also local utilities, and several of the foreign group, especially French municipals and United Kingdoms of 1927. Total sales, par value, \$12,475,000.

Timothy Spellacy.

SANE, BUT SHE BATTLES FIVE.

Girl Gives Hospital Force Fight of Its Life.

Hits Nurse, Kicks Down Door in Seeking Freedom.

Great Strength Acquired by Log-Rolling Work.

Ors Cook is only 19 years of age and she is not insane—the Lunacy Commission has decided that—but it required five husky attendants at the County Hospital yesterday to conquer her mad desire to break out of the psychopathic ward.

Miss Cook, who was reared in Kentucky and developed her great strength by rolling logs for her father, is said to have made several attempts to take her life.

The Lunacy Commission Wednesday found her sane, and she was paroled in the care of Mrs. Jean McCracken. Pending arrangements to send her to her home in the East, she was sent to the psychopathic ward. She was determined not to stay there. She resented her confinement. Yesterday the girl slammed the door of the ward against the attendants. She kicked down a stout door. Twice only in the annals of the County Hospital has a patient broken down one of the stout doors.

She declared she would yell until she was released. The warden was summoned. One attendant held her back, another her arms, while the others tried to tie her legs and feet.

She bit and she squirmed. One of the female nurses was struck and sent staggering across the room. Finally the attendants were obliged to paralyze her before placing a hood over her head and thrusting her into a strait-jacket.

As the head warden straightened up, he wiped the perspiration from his brow and muttered:

"Phew. Some husky bird that girl."

PROSECUTION WEAKENED.

"Various things might have caused death," he said, "or been contributing causes."

He admitted when questioned by Dep. Dist. Atty. Randall that the handkerchief found knotted around the boy's neck might have caused the same result.

Dr. Wagner's testimony weakened the prosecution's case. The defense contends that Miss Mullicane did not strangle her babe. She was not responsible for her act at the time the babe was born. Her condition, court indicates almost a stupor. She is interested in nothing.

Dr. Wagner examined the body of the babe a long time after its death. He found it in the trunk in the transfer office. He said he could not positively say whether the child was strangled after birth and while she was living, or died from natural causes.

Back among the spectators at Angelina Kaufman, the good fairy of the poor mother, Mrs. Kaufman stated that she is going back East to assist in prosecuting the purported father of the babe on a Mann Act charge.

Dr. Wagner examined the body of the babe a long time after its death. He found it in the trunk in the transfer office. He said he could not positively say whether the child was strangled after birth and while she was living, or died from natural causes.

INFANT SLAYER SUSPECT DAZED.

Erie Mullicane Apparently Oblivious to Trial.

Autopsy Surgeon's Testimony Weakens Prosecution.

Wagner Fails to Determine Child Was Murdered.

Miss Erie Mullicane, on trial before a mixed jury in Judge House's court yesterday, charged with the murder of her newborn baby girl, sat with head leaning on her arms, eyes cast down. Not once during the testimony dealing with finding the babe in a trunk at a transfer company's office, the statement of Undertaker Elmer C. Kopp that he found around the neck of the little babe a knotted handkerchief, or the declaration of Autopsy Surgeon Wagner that in his opinion the child died of strangulation, did she lift her head.

Back among the spectators at Angelina Kaufman, the good fairy of the poor mother, Mrs. Kaufman stated that she is going back East to assist in prosecuting the purported father of the babe on a Mann Act charge.

DENIES .. MURDER .. ATTEMPT.

Fired at Floor, Not Lawyer, Says Woman.

Mrs. Gertrude Malmberg.

Mrs. Gertrude Malmberg, charged with shooting at Walter E. Smith, an attorney, with intent to commit murder, will declare that she did not fire at Mr. Smith, her counsel, but at the floor, and that she had no intention of slaying him. According to Attorney Benjamin Lewis, insanity will not be pleaded.

The encounter between Mrs. Malmberg and Mr. Smith took place in an office which was not that of the attorney, and it is said to have grown out of a property controversy in which Mrs. Malmberg was interested.

The trial of Mrs. Malmberg was continued by Judge House yesterday, until today, due to the fact that the court was called by the trial of Erie Mullicane, charged with having slain her newborn babe.

Detective Sergeant George E. Smith detailed two out of three men who were with Mrs. Malmberg at the time of the shooting, to the court yesterday.

Miss Mullicane, who was reared in Kentucky and developed her great strength by rolling logs for her father, is said to have made several attempts to take her life.

The Lunacy Commission Wednesday found her sane, and she was paroled in the care of Mrs. Jean McCracken. Pending arrangements to send her to her home in the East, she was sent to the psychopathic ward. She was determined not to stay there. She resented her confinement. Yesterday the girl slammed the door of the ward against the attendants. She kicked down a stout door. Twice only in the annals of the County Hospital has a patient broken down one of the stout doors.

She declared she would yell until she was released. The warden was summoned. One attendant held her back, another her arms, while the others tried to tie her legs and feet.

She bit and she squirmed. One of the female nurses was struck and sent staggering across the room. Finally the attendants were obliged to paralyze her before placing a hood over her head and thrusting her into a strait-jacket.

As the head warden straightened up, he wiped the perspiration from his brow and muttered:

"Phew. Some husky bird that girl."

PROSECUTION WEAKENED.

"Various things might have caused death," he said, "or been contributing causes."

He admitted when questioned by Dep. Dist. Atty. Randall that the handkerchief found knotted around the boy's neck might have caused the same result.

Dr. Wagner's testimony weakened the prosecution's case. The defense contends that Miss Mullicane did not strangle her babe. She was not responsible for her act at the time the babe was born. Her condition, court indicates almost a stupor. She is interested in nothing.

Dr. Wagner examined the body of the babe a long time after its death. He found it in the trunk in the transfer office. He said he could not positively say whether the child was strangled after birth and while she was living, or died from natural causes.

Back among the spectators at Angelina Kaufman, the good fairy of the poor mother, Mrs. Kaufman stated that she is going back East to assist in prosecuting the purported father of the babe on a Mann Act charge.

WOMAN PHYSICIAN WEDS JAPANESE; JOB FORFEIT.

Pastor's Daughter, Her Citizenship Lost, Quits County Post; Break With Family Told by Father.

Mrs. James Hatsuji Hara, who, until her recent secret marriage to Dr. Hara, a Japanese physician of Monterey, was Dr. Margaret E. Farr, will sever her connection Monday with the county health office, where she has been in charge of children's work.

County Health Officer Pomeroy stated yesterday that he had just learned of the marriage of the white woman physician and the oriental, and had demanded and received her resignation. Mrs. Hara declared last night that she tendered her resignation three weeks ago and denied that Dr. Pomeroy had demanded that she leave the county service.

Dr. Farr and the Japanese physician were married several months ago, but only recently did rumors of the wedding begin to seep through the county health office. These rumors reached Dr. Pomeroy and he called Mrs. Hara into his office to question her. She admitted to him that Dr. Hara was her husband.

During her many years of service in the health office she has been respected as one of the county's most efficient employees.

In the past it has been a part of her duties to investigate the alarming Japanese birth rate in Los Angeles county.

DAUGHTER OF PASTOR.

Mrs. Hara is the daughter of Rev. Frederick W. Farr, pastor of the Calvary Baptist Church at 1441 East Second street. She is a graduate of Hahnemann Medical College, Chicago, having received her medical degree in 1914. Before moving to Los Angeles with her family she was employed as a medical inspector for the Chicago Board of Health.

She entered the employ of Los Angeles county well recommended by the high rating of \$8 per cent.

Dr. Farr has been continued from her family by her marriage. Her father said last night he would have preferred to see her dead.

During the war period, in 1915, Dr. Pomeroy launched a campaign to canvass the birth rate in the county. From a special fund he employed Dr. Hara, a licensed Japanese physician, to investigate the Japanese population. As the work was arduous, taking Dr. Hara in to all quarters of the county to examine 3000 children of his native country, Dr. Farr was assigned to assist him. It was during this canvass of the county that the Japanese population, and the resulting American girl from New England, began the friendship which later developed into love and marriage.

Dr. Hara continued to conduct his medical practice in Monterey and his American wife remained at the home of her parents in Los Angeles. But during recent weeks Dr. Pomeroy overheard whispering about the marriage of that Dr. Hara and Dr. Farr, and married, and that they had been seen often together. Then said Dr. Pomeroy question her.

FAMILY STRANGED.

At the home of Dr. Farr, her father, it was learned that Dr. Hara's marriage to Dr. Farr was a secret one, and that the couple had been seen often together. Then said Dr. Pomeroy question her.

At the home of Dr. Farr, her father, it was learned that Dr. Hara's marriage to Dr. Farr was a secret one, and that the couple had been seen often together. Then said Dr. Pomeroy question her.

LAW-BREAKING EASIER TODAY.

Five Hundred and Twelve
New Chances Offered.

Statute Affecting Bakeries is
Far-reaching.

Millions Are Available for the
Veterans' Benefit.

Law violation will be considerably easier today than it was yesterday. At midnight last night just 512 of the 590 bills enacted so far by the last Legislature and signed by the Governor will become effective.

This means that—
—Victims of less than 18 years may not be hanged.

Baseball players may not be bribed to "throw" games. Games and divorce complaints no longer will be on secret file, but their contents will be open to public view.

Armistice Day legal holiday in California.

Dogs may not run at large on national holidays, but this may be collected from the masters of dogs that will live stock.

Separate schools for Japanese children may be opened.

Oil and mineral lands owned by the State may be leased under new provisions.

A total of \$5,500,000 will be employed to give ex-servicemen educational advantages and to aid them in buying homes and farms.

A hundred thousand dollars may be spent on a survey of the State's water power resources.

BREAD REGULATION.

A loaf of bread must weigh one pound or one and a half pounds, two pounds and so on. Also bread must bear the baker's name and must be made under new requirements designed to insure purity and cleanliness.

The 590 other laws effective today apply to 592 other things. The remaining 512 laws will not become effective until December 1.

Probably one of the most important bills in regard to popular interest is that "regarding" bakers. Housewives may no longer return bread, pie, cake or other baked stuff to the bakery of corner grocery and exchange it for something else. In turn, the retailer may not return goods to the bakery.

On the other hand state or inferior goods must be so labeled, and there are many new regulations providing for the purity of the product. The large bakeries in which bread is delivered to the retailers must stand four inches above the street.

BAKERS ARE HIT.

Regulations for the manufacture of bread is causing in many cases a revolution in bakery methods and the reconstruction of plants. Officials of the Southern California Bakers' Association said yesterday their members had been preparing for several weeks so that the requirements of the law might be met and that the alteration in plants had cost large sums of money. The State Board of Health is empowered to regulate the statute.

There are strict provisions against the employment of persons suffering from contagious or infectious diseases. The bread, until it reaches the consumer, must be protected against dust and flies.

The loaf must bear the name of the maker, either on a wrapper or a sticker.

SPEAKER POINTS OUT RACE SUICIDE PERIL.

MARRIED PERSONS SHIRKING
DUTY TO MAN AND MASTER.
LUTHERANS HEAR.

Race suicide was discussed by Dr. G. A. Bernthal of San Francisco at the convention of Lutheran church delegates of California and Nevada, which is in session for the rest of this week at Trinity Lutheran Church, Thirteenth and Cherry streets.

"The religious education of young children is a vital need in the world today," said Dr. Bernthal. "Society is confronted by a crime wave of social evils that is directly traceable to the pitiful lack of proper religious education of the young and a deplorable state of race suicide, he said. Society has established, according to the speaker, what may be termed a two, one or no-child system, with the latter apparently in strong favor.

"Married persons who object to children because babies interfere with their life and social conveniences are not doing their duty toward mankind, their country, their church or their God," he continued. "The penalty of race suicide is being paid today in the toll of murders, suicides, robbery and crowded divorce courts."

Rev. J. W. Thelen, pastor of Christ Church, was yesterday elected president for a term of three years of the California-Nevada district of Lutheran churches.

Prof. L. Furber of Concordia Seminary, St. Louis, Mo., will preach today on "Why the Godly Suffer," and will endeavor to prove that the Book of Job answers this question. Rev. G. Jackson of Stockton will deliver a sermon tonight on "Christian Education."

BEAN GROWER DIES.

Rice Hearn, Who Started "Imm" Thinking, Called in Ventura.

Rice Hearn, the man who first planted lima beans in commercial quantities in this part of the country, and who is said to have looked but one year of being a centenarian, died last night at the Ventura County Hospital. The lima bean experiment was made in 1889 and was a great innovation in the cattle country. Many men have become very wealthy by following his lead and planting large acreages of lima beans. Mr. Hearn died poor. He leaves several sons, who live at various places in California.

PUBLISHER IS GUEST AT THE AMBASSADOR.

William Randolph Hearst, the publisher, and Arthur Brisbane, one of the chief editorial writers of the Hearst organization, are at the Ambassador. In the party besides the publisher's wife are Mrs. Robert Sweeney and Mrs. Margaret Goodrich. The five plan to remain several days.

AGIS TO STOP ROAD CUTTING.

Tearing Up of Pavements in County Hit by Supervisors.

Means Destruction in Some Cases, Says Woodley.

Council Instructed to Draw Up Stiff Ordinance.

The Board of Supervisors yesterday adopted resolutions asking the County Council to draft an ordinance designed to prevent cutting of pavements for the purpose of laying pipes beneath the roadbed. This practice, it is asserted, has injured permanently much pavement, the patches proving being inferior to the completely laid roadbed, and it also has closed the streets to traffic and caused great inconvenience to the public. It is proposed to have all pipes laid beneath the sidewalks or under the roads by tunneling.

The board's resolutions follow: "Inasmuch as the present method of cutting the pavement of the county roads promiscuously when a permit is asked for is most injurious to the roads and inconvenient to the traveling public, and now therefore, be it resolved: That it be the policy of the Board of Supervisors of Los Angeles county in the future to require the use of the greatest care in granting permits to cut paved street and road surfaces, and where it is necessary to cut a pavement for any purpose that crosscuts shall be as short as possible and at regular intervals from the side of the pavement and from each other leaving uninterrupted and continuous passage along the street for traffic.

"Further, That it be the policy of this board not to allow the laying of any main line pipes or conduits in the future under a pavement or in a street where pavement may be laid, but to require all pipe lines and conduits to be laid at the side of the pavement or under sidewalk.

"ANNOUNCES POLICY. "That it be the policy to prevent the cutting of pavement if it can be avoided by any reasonable method of tunneling or boring in order that the paved road surfaces may be preserved and the comfort of the traveling public observed as much as is possible; "Be it further resolved: That the County Council be requested to draft an ordinance providing for the restrictions mentioned in this resolution and imposing a severe penalty for the nonobservance of same; Also that the County Road Commissioner be requested to give his most earnest co-operation in carrying out this policy.

"The practice so prevalent of digging up the pavement in our streets and roads to lay pipe lines and make connections is a great annoyance to the public and is causing the most destruction of the roads," declared Supervisor Woodley. "At least the roads never can be made as good after being cut."

"Just recently I had laid in my supervisory district on Santa Monica avenue a pavement from the city limits to La Brea. Before commencing this work I requested the road commissioner to warn everyone interested that this strip was to be paved and one year would be given to lay all pipes and conduits and make all connections and that after the work was finished the street would not be dug up for five years, with the hope that such action would meet with general approval and that we would have the proper co-operation to the end that this street might be protected from such destructive operations and kept in good condition for a reasonable time.

"FAVORS PENALTY. "My contention is that this most imprudent method which destroys the pavements and impedes traffic is not necessary if proper construction is arranged for in future improvements, which will cost very little, if any, more than the present wasteful method. And as for the pavements now laid where public service lines are under same, some method of tunneling or other that will not be so destructive to the road surface should be arranged for. If it is necessary to cut the pavement it should be under strict regulations at a uniform distance from the curb, leaving spaces for uninterrupted and comfortable passage of traffic between cuts. Cuts when filled should be properly filled and kept filled full until repaired.

"In other words, the protection of our roads and the comfort of the public in the use of same should be given some consideration. A severe penalty should be imposed upon any person or corporation that does not observe the regulations strictly. This would mean that a smooth portion of the pavement would regularly exist for traffic at all times instead of the present hit-and-run method, which makes traveling our streets a painful operation and destructive to vehicles."

SENTENCED AS FORGER. For forgery of a check for \$25, made out and mailed to L. J. Christopher, local business man, W. J. Lasovich was sentenced to San Quentin for from one to four years yesterday by Judge Reave.

EXNIGIOS IS ON WARPATH.

Will Demand Grand Jury Investigation of Dismissal of Charges.

(BY A. P. NIGHT WIRE.) SAN FRANCISCO, July 28. John Exnigios, Federal prohibition enforcement officer, yesterday informed Asst. U. S. Atty. W. H. Tully that he would demand a Federal grand jury inquiry into the dismissal by Federal Commissioner Thomas E. Hayden of charges against officers of the Drugists' Wholesale Supply Company. Exnigios charged that several of his agents who should have appeared before the commissioner as witnesses were not summoned. He said he would file new information against the supply company officers, who were charged with violation of prohibition laws.

WILL GIVE RECITAL.

Young Violinist to Be Heard at Sierra Madre This Evening.

Miss Marion Smithson, 16-year-old violinist, will give a recital to night at the home of Mrs. Newton on Live Oak avenue, Sierra Madre. The affair will be a garden party under the auspices of the Women's Club of Sierra Madre. Gov. Stephens and wife will attend and will be assisted by Mrs. Frank J. Hart of Hartwood, Sierra Madre. Among Miss Smithson's selections will be the "Sierra Morena" by J. Monasterio and an "Old Refrain" by Kreisler. Miss Smithson has made her home in Los Angeles the last few years.

TWO ARE ARRESTED.

Pair Accused of Disorderly House Operation at Castle del Mar.

Simon Rubenstein and Morton Goldberger, asserted proprietors of Castle del Mar, a roadside between Culver City and Venice, were arrested late last night by Constable Hayes and Deputy Constable Adams on complaints charging them with operating a disorderly house. Both were taken to the County Jail on their failure to provide \$1000 bail each. The complaints were sworn to by Alexander Rolland, the of force said.

LOVE RULE PRIESTESS ARRAIGNED

Overthrow of Government, Civil Marriage, Doctrines Attributed to Mme. Lessing.

That the time would come when the San Fernando Valley would be a vast army camp where love would reign, that the government should be overthrown by love and that private ownership of property would cease are doctrines attributed to Mme. Edith Maude Lessing, head of a so-called love cult, yesterday at her hearing in Justice Brown's court on a charge of criminal syndicalism. Mrs. C. Louise Egla, who lives near the "Mount Wilson" house in Glendale Park, testified that Mme. Lessing so informed her. The defendant, it was shown by questions asked by Dep. Dist. Atty. Pitts, said "To hell with the American flag." Dr. E. George Cole testified that he left the so-called cult when he was detailed to perform acts he considered beneath him. He said Mme. Lessing organized a home for disabled soldiers and that she stood for the abolition of civil marriage and the establishment of a "divine marriage." He said she stated she had 1000 men at her call, and she would call them if any attempt was made to dislodge her.

Other witnesses were Charles Alexander, a printer, who told of the printing of cards said to have been circulated by the defendant, and Harry Lynch, who testified regarding asserted statements regarding the American flag. The case was continued until tomorrow.

TELLS OF PARTIES.

Girl Seeking Fifty Thousand Heart Balm Weeps in Court.

The testimony at the trial of the \$50,000 lost-love suit of Miss Lucille McCarthy in Judge Wey's court yesterday, brought out stories of parties in the mountains and at the beach. Miss McCarthy contends that William Kirkby, since married to Miss Hazel Thompson, asked her hand in marriage and made her gifts. He denies he was ever engaged to her. Under the cross-examination of Attorney Crump, Miss McCarthy admitted she was one of the girls at the parties. Mr. Kirkby and two other men were in the party, it was said. The owner of the cabin testified to certain pranks he played on the young couple while they were in the cabin. During her testimony Miss McCarthy broke down. She wept and the court took a recess. The case will be resumed today.

Foreign Business Growth

In 1915 Los Angeles' exports were three-fourths of a million. In 1920 they were approximately twenty millions. In 1918 we had five steamship lines. Today we have forty-two.

ACTS TO MAKE POSTAL CHANGE.

Department to Name O'Brien at Once, Says Dispatch.

Opposition of Lineberger is Reported Overcome.

Congressman Will Continue Patronage Fight.

Appointment of P. P. O'Brien as acting postmaster of Los Angeles is expected. Postmaster Harrington Brown, is now under way and the transfer will be made without delay, according to a Washington dispatch. After a conference with Congressman Osborne, Congressman Lineberger of Long Beach withdrew his objections to the appointment of Mr. O'Brien as acting head of the office and so notified the Postoffice Department, which then went ahead with the plans for the change in Los Angeles postmastership.

While Congressman Lineberger is conceding the preponderance of influence in the Los Angeles postmaster appointment to Congressman Osborne, he is said to be disappointed that the Ninth District has failed to be awarded patronage. And probably will carry further his fight against the Los Angeles Republican Committee on Patronage.

He is centering his fight for Cadet Taylor of Pomona, whom he wants appointed collector of customs, and in this agreement has withdrawn any further opposition to Mr. O'Brien for acting postmaster.

He has advised Congressman Osborne and others that he will not waive any of the rights of the Ninth District to be consulted and to participate in the Federal patronage distribution. He declares it is said, that the Los Angeles committee has suggested the whole set of plans for Los Angeles and that the Ninth District is out in the cold.

His action on the postmaster appointment was largely due to his personal regard for Congressman Osborne and a desire to preserve harmony in the work of representing Los Angeles county interests in the House, but he is said ready and anxious to fight for a share of patronage for his district.

SHAKE-UP OF POLICE IS BEGUN.

Several Changes Are Made in Department by Chief Jones's Order.

Several officers of the police department are affected by an order issued yesterday by Chief of Police Jones. Perhaps the most important of these is the transfer of Capt. W. H. Hightman from command of the San Pedro division to command of Lincoln Heights Station.

Chief Clyde Plummer of Lincoln Heights goes to San Pedro with orders from Chief Jones to "clean up the division."

The order relieves Detective Sergeant James Cline from charge of the Bureau Identification. Sgt. Cline goes to general duty in the detective bureau and is relieved by Detective Officer Robert Kabinowicz, who takes charge of the identification department.

A new Chinatown police squad was created by the chief in his shake-up order. It will be in charge of Sgt. H. F. McCutchen, who replaces Sgt. Jack Phillips. The latter returns to regular duty in uniform. Sgt. McCutchen will work with Officers M. Pomeroy, A. E. Adams and "Buddy" Watson in Chinatown.

Sgt. Peter Medina, who has been doing duty in uniform, has been assigned to duty in Chief Jones's office in place of Patrolman George Fisher, who returns to patrol duty. It was removed unofficially that another shake-up is due soon in the department. It is reported that the juvenile bureau, in charge of Sgt. Nichols, will be the next branch of the police service to be affected.

STANDARD RAIL LINE TO RENO IS FAVORED.

COMMERCE CHAMBER BACKS UP PLAN TO TAP RICH BUSINESS BONE.

At the request of the Bishop Chamber of Commerce, the Los Angeles Chamber of Commerce adopted a resolution yesterday favoring the extension of standard gauge railroad track from Bishop to Reno, at the earliest possible time.

There is a strip of narrow gauge between Los Angeles and Reno, and the large County Narrow Gauge, extending for about fifty miles above Bishop. The matter of making it standard gauge in order to tap rich business territory in Nevada has been brought to the attention of the chamber on several occasions.

Chamber directors said last night that the matter would be urged, but admitted that there seemed little likelihood of early action, because of the present financial condition of the steam lines.

TO UNVEIL MEMORIAL.

Bishop to Official at Temple Tablet Ceremony Today.

With Bishop Cantwell of the Diocese of Monterey and Los Angeles officiating, the Walter P. Temple memorial tablet on the original site of Mission San Gabriel Archangel will be unveiled at 2 p.m., tomorrow.

The site is on the banks of the San Gabriel River, directly opposite the Temple oil lease office, near Montebello. It was here that Padre Benito Cambon and Angel Romero founded the original mission on Sept. 8, 1771, only to have the building undermined by water during successive flood stages of the San Gabriel River. This dictated the moving of the mission to the present San Gabriel site six years after the founding.

The program tomorrow will include an address in Spanish by Archbishop Orfilla and in English by Rev. A. Ingemol. There also will be a mass.

Notice to Charge Customers

All purchases made Friday will appear upon August accounts, payable in September.

STAGE IS SET FOR GOVERNOR

Stephens to Attend Potato Men's Celebration.

Growers' Exchange Formed to Seek Fair Prices.

Meeting to be Held at Van Nuys Tomorrow Night.

Final arrangements for the entertainment of Gov. Stephens and his party at a meeting at the Van Nuys High School tomorrow evening for the purpose of celebrating the formation of the California Potato Growers' Exchange were made yesterday. The Governor's party will arrive at the Hollywood Country Club at 5:30 p.m., and will be met by a number of the prominent men of the valley. R. H. Holloway, president of the Van Nuys Chamber of Commerce, will deliver the address of welcome in behalf of the various towns throughout the valley.

Following a banquet at the country club, the entire party will adjourn to the auditorium of the Van Nuys High School. Gov. Stephens will deliver an address that will be of particular interest to the potato growers of Southern California. With approximately 17,000 acres in potatoes, it is declared absolutely essential that the growers band themselves together for the purpose of stabilizing the market and insuring themselves of a reasonable profit on their labor and investment.

FORM EXCHANGE.
The Los Angeles County Farm Bureau, realizing the serious condition confronting the potato growers of Southern California, requested Mark Grimes to assist in the formation of a growers' exchange for handling this product.

Mr. Grimes, after consulting a number of the large producers in this territory, decided to adopt the same plan that has been in use for the Berry Growers' Association in the central part of California, which has marketed from \$4,000,000 to \$7,000,000 worth of potatoes annually. The plan adopted is practicable and feasible, and is operated on a strictly nonprofit basis. It is declared.

Approximately 15 per cent of the acreage in potatoes in Southern California has been signed up, and it is believed that a larger percentage than this will be secured within the next two or three weeks. With this percentage of the growers co-operating under the direction of a governing board, it is believed that a fair price will be realized on the next crop.

TO TELL NEEDS.
Dr. H. A. Gordon, president of the Riverside Farm Bureau, will deliver an address on "The Value to Southern California of Co-operative Exchanges."

R. B. Peters, president of the San Bernardino Farm Bureau, will deliver an address on "The Economy of Lower Freight Rates," which is one of the biggest problems confronting the vegetable growers of California today. Director Hooks of the State Department of Agriculture, will talk on "Standardization of State Market Commodity Grades," and should exist between the State Market Commission and the potato growers.

BLAMES CONSTRUCTION FOR ROAD BREAKDOWN

AUTOMOBILE CLUB DECLARES HEAVY TRAFFIC IS NOT PRINCIPAL FAULT.
The numerous State highway failures are caused by inadequate construction and not by heavy traffic, says a statement made yesterday by the Automobile Club of Southern California.

Extensive loading of trucks has the effect of hastening the breaking down of roads in some places, but is not the underlying cause of the construction. The club declares in refuting the explanation of the State Highway Commission that the highway failures are due to inadequate traffic.

Highways paved over property prepared or favorable subgrade conditions are standing up under the strain of heavy traffic, the club statement continues. Obsolete highways paved over unfavorable subgrade conditions are breaking down whether the traffic be heavy or light. The club states that traffic has little to do with highway failures except to accelerate the disintegration. Pavements that have already failed.

A similar statement is made in a report made public by the engineers of the United States Bureau of Public Roads as follows: "It is not believed that modern rubber-tired traffic is a serious menace to a well constructed road is abusive, although solid-tired vehicles doubtless produce some breaking down of surface cracks. No definite correlation was found between the total of vehicles and the condition of the pavement itself, but the total time does help to determine the wear of shoulders and in many places from inadequate or too narrow width of pavement."

WRIT IS REFUSED.

Judge Declines to Free Man Held on Liquor Law Charge.

Francisco Ramirez, who was arraigned before U. S. Commissioner Long some time ago and bound over to court on the charge of violating the liquor laws, was the subject of a petition for a writ of habeas corpus in the United States District Court yesterday. The writ was refused by Judge Trippett.

Ramirez has been in the County Jail since June 1, and though it was about time for the government to file an information against him or release him. The information will be filed today and Ramirez will be asked to plead.

BUY'S INTEREST HERE.

C. F. Lamb, for seventeen years a director of Ottawa University in Kansas and a member of the National Association of Funeral Directors, has purchased an interest in the undertaking firm of Reynolds & Van Nuys in Pasadena, he announced yesterday. The concern will hereafter be known as the Reynolds-Van Nuys-Lamb Company. Mr. Lamb comes here from Ottawa, Kan.

TWO ARRESTED IN STOCK DEAL.

To Test Right to Sell Units
Without State's O.K.

Official to Sift Activities of
Glass Company.

Says Accused Men Do Not
Understand Trade.

With the avowed intention of making a test case, a complaint was filed yesterday by Dep. Dist. Atty. Becker against Charles G. Mayer, G. S. Gerard, and others, who are trustees of the Crystal and Colored Glass Company, to determine if a so-called "common law trust" comes within the provisions of the Corporate Securities Act in the selling of shares or interests without a permit from the State.

Mayer and Gerard were arrested yesterday and lodged in the County Jail and two other arrests will follow. It is charged that Messrs. Mayer, Gerard and their associates organized the glass company as a "common law trust," and sold "unit interests" to various persons without a permit from the State Corporation Commission.

The defendants are accused of thus selling 1000 units to William Phillips for \$300, 1000 to John Phillips for \$300, 1000 to John Blaine for \$300 and 1000 to John Blaine for \$300. Deputy Corporation Commissioner Goodwin is the complaining witness.

According to Mr. Becker the defendants organized the company for the purpose of erecting and operating a glass factory at Burbank, and on last April 1, began selling unit interests in the company. It is asserted by Mr. Becker that neither of the two arrested men understood the glass-making business, and that \$5000 was invested in the enterprise. It charged the defendants sold units without submitting the enterprise to the scrutiny of the State Corporation Commission. A number of employees were investors, it was stated.

City Council O.K.'s De Coe's Appointment.

C. A. De Coe's appointment as a member of the Board of Police Commissioners by Mayor Croy yesterday was confirmed unanimously by the City Council. Councilman Muehst, who previously had blocked a proposal to confirm the appointment, and who had declared he would vote against it when the matter came up for final action, was absent when the vote was taken.

The confirmation of Mr. De Coe's appointment was the first action by the Council after the minutes of the last meeting were approved and Mr. Muehst had not then arrived in the Council Chamber. Councilman Stillard also was absent. The Council several days ago approved the appointment of J. H. De La Monte as a member of the police board.

Dry Officials Here on Tour of Inspection.

Prohibition Agent McShane, from the office of Supervising Federal Prohibition Agent, Ericson, and Agent Boone, representing the office of Supervising Agent and Director Mitchell, both of San Francisco, reached Los Angeles yesterday on a tour of inspection. While here they are checking up the amount of liquor on hand and collecting data as to its disposition.

It is understood, that beginning on August 1, there will be a shake-up in the office of the local prohibition agent, but whether those in charge will be dismissed or whether the present force will be increased nobody seems to know.

It is announced that there will be a strict campaign of law enforcement against the violators of the Volstead Act.

McSHANE'S CASE UP TO JURY TODAY.

Former President of Fruit
Company Denies Part in
Asserted Fraud.

The jury in the case against W. F. McShane, former president of the Sutherland Fruit Company, who is charged in a Federal grand jury indictment with forging bills of lading to cover shipments of oranges and lemons that it is contended never were sent over the Santa Fe, as purported, will begin its deliberations this morning, following the charge of U. S. District Judge Tappet.

All of yesterday was occupied by witnesses in behalf of the defense and the arguments to the jury. The attorneys for Mr. McShane attempted to show that the transactions resulting in the loss of \$423,000 by the People's Bank and Trust Company of Riverside, were shrouded in mystery and that several individuals might have signed the bills of lading. That the bank lost the money was not denied.

Amid U. S. Atty. Dickson asserted that Mr. McShane was the only man to profit by the charged fraud, as he owned 49,370 shares of the \$50,000 capital stock of the Sutherland Fruit Company.

The examination of Mr. McShane, both in chief and cross, was not long. He said he owned the most of the stock of the Sutherland Fruit Company, and that when the crash came property belonging to the corporation was turned over to the People's Bank and Trust Company of Riverside, for he had no property of his own. He said T. J. Kennedy, vice-president of the company, had control of the buying and selling end of the business, and that he had nothing to do with that part of it.

He declared that he had never signed any of the bills of lading concerned, but admitted that he may have informed some that came to him in the usual course of business. The foreman of the branch packing-house of the company attended to the bills of lading as originally made out, he said.

Personally he got none of the cash represented by the purported fraudulent bills of lading, Mr. McShane declared. The books of the Sutherland Fruit Company are in the hands of the bankruptcy court.

FIND MELTED SILVER IN SUSPECT'S HOME.

POLICE ALSO DISCOVER MOLD
BELIEVED TO HAVE BEEN
USED TO MAKE COINS.

Continued investigation yesterday of the activities of the thirteen asserted bandits and burglars rounded up by the police Wednesday, unearthed a large quantity of melted silver and a number of broken plaster of paris molds in a house on Thomas street, the police say.

The house was occupied by Sam Huer, one of the thirteen held at the City Jail, according to the police report. It is believed by the officers detailed to the case, that the melted metal is part of a quantity of silver stolen recently by the gang in Los Angeles.

Police late yesterday were endeavoring to determine the use to which the plaster molds had been put by the gang. There are indications, they say, that attempts may have been made to coin silver dollars. A trunk thought to be filled with loot is being sought by Detective Hitchcock.

Although one of the thirteen, Ernest Edwards, 21 years old, was released by the police yesterday, the unlucky member of the gang, Albert Vincent, age 21 years, who says he came here from San Francisco sixteen days ago, was taken into custody by Detective Sergeant Shy. Vincent is being held at the City Jail with the others.

CHARGE: "last night in the morning" at the home of the Police and Sheriff.

Bullock's

Bullock's Open Saturdays Until One o'clock Every Saturday in the Year!

Bullock's

Friday Will Be Bullock's Remnant Day

Bullock's Annual Sale of Bags at but \$5.00

commenced yesterday and will continue as long as quantities last. 500 Bags of genuine Pin Seal, Morocco, Alligator Calf and Goat Skin leathers were offered at \$5.00 each. The response gives weight to the Bullock Statement that seldom does one have the opportunity to buy such desirable Bags at so small a price!
—All are more silk lined and have coin purses, mirrors and inside pockets.
—Many Men and Women will provide these for Future Giving. Today—again—on Bullock's First Floor.

—Women with economy in mind should place that announcement at the very top of their Shopping List for today! Bullock Remnant Friday prices are the result of most radical reductions—and the resultant Savings are very much worthwhile. Women with any particular need should provide for the economical filling of that need—at Bullock's today—and women who are not aware of any specific need should visit Bullock's today—to provide for the future—at Savings.

200 Pairs Strap Pumps Exceptional at \$5.00

—"Is it possible," you exclaim, "to get Bullock's Style-Supreme Strap Pumps at \$5.00 pair?"
—It will be Today—Remnant Friday—as long as 200 pairs remain at Bullock's! These include White Canvas Pumps—Black Kid Pumps—and Patent Leather Pumps—in a good range of sizes. They have been priced remarkably low in order to effect a quick disposal today.
Women in need of attractive, serviceable Summer Pumps—should visit Bullock's Fourth Floor—Today.

5000 Yards Silks

—Thousands of yards of Silks—in various short lengths—have been given Remnant Day prices. Usable lengths of wondrous Crepes, Taffetas, Satins, Sports Silks in company with beautiful Charmeuse, Canton, Roshanara and other Silks, will go forward at prices that offer amazing Savings. Practically all colors with plenty of white and black are available—on Bullock's Second Floor.

100 Fibre Tricolette Slip-Over and Tie-On Sweaters, \$2.95 and \$6.95

—and \$8.75, and those at \$8.75 are full-length Tuxedo coat sweaters in the bright colors.
—They are truly unusual sweater values for Remnant Friday. First there will be 50 of the Fibre Tricolette Slip-over Sweaters which have been reduced to \$2.95. They have the very fashionable "Bramley" collars and narrow turn-back cuffs, finishing the short sleeves. A wide range of charming colors in the bodies of the sweaters, but collars and cuffs are white.
—The tricolette Tie-on Sweaters are woven in the drop-stitch, with Tuxedo collars and sashes that tie around the waist.
—Just 100 of them—Remnant-Friday, \$2.95 and \$6.95—Sweater Section—Fourth Floor.

Woolens

—Thousands of yards of Woolen Fabrics will be offered in short but usable lengths—at substantially lowered prices. Included are Serges, Gabardine, Velour, Tricotine, etc.—in plaids, stripes and solid colors. Many are the uses to which short pieces of Woolens may be put. TODAY is the time to economically provide those Woolens—on Bullock's Second Floor.

144 Pongee Bloomers \$1.95

—They are just what many women have been waiting for, and to think of finding such bloomers at \$1.95. Bloomers of natural color pongee, with elastic at waist line and at the knees where they finish with a neat edging of self material.
—These Bloomers at \$1.95 are generously cut through the hips (yes, they are 60 inches,) and that means they will give the freedom necessary for athletic wear and coolness in summer time. Pongee of medium weight and reinforced. Lengths 25, 27 and 29 inches—at \$1.95.
—For Remnant Friday's selling only, at \$1.95—Fourth Floor Underwear Section—at Bullock's.

Linings

—Short pieces of Linings quite often take the place of regular lengths. By purchasing Remnants on Bullock's Second Floor—TODAY—substantial Savings can be realized! Plain and fancy Satines and Peralines in many shades—36-inch Lining Satins—plain and figured A.B.C. Silks—and various others are priced for quick disposal on Remnant Friday. The savings are not to be ignored.

Corsets Remnant Priced \$1.45

—Odds and ends, of discontinued lines in corsets, all of them, of course, higher priced garments, and many of them very much more than \$1.45. Then there are also

Brassieres at 45c

—A gathering also of many odds and ends of brassieres, some a trifle rumpled, others perhaps a bit soiled, but all of them very much worthwhile at 45c.
—At Bullock's—Fourth Floor—Corset Section.

Cottons

—The past month has witnessed an extensive disposal of Cotton Goods at Bullock's. The thousands of short but usable lengths that have collected will be offered tomorrow at surprisingly low markings. Included will be Organdies, Voiles, Flaxons, Ginghams, Peralines, Devshire Cloth, etc., in white and many colors and in many widths. On Bullock's Second Floor—tomorrow.

300 Pairs Chamoisette Gloves 95c

—Yes, worthy of Remnant Friday in Value, these 300 pairs of gloves of good quality chamoisette—the kind that washes and wears so well.
—The 12 button, strap-wrist and two-clasp styles. Their colors are gray, brown, beaver and mastic. There are not all sizes in all styles, but you will surely find the size you want amongst them—at 95c.
—Friday—Glove Section—First Floor.

Positions Open

—Bullock's has many positions open for experienced salespeople in a wide variety of different lines.
—Those with experience in selling Yardage Goods—Silks, Cottons, Trimming, Neckwear, etc.—will find this a particularly advantageous time to become connected with Bullock's.
—While the majority of the positions now open are not of a permanent character, it is, nevertheless, possible to work into connections of a permanent nature.
—Apply at Bullock's Employment Office—Second Floor—at once.

15 Electric Lamps, \$8.75

—15 very attractive Table Lamps have been specially priced at \$8.75 each—for quick disposal—on the balcony of Bullock's Hill Street Building; in bronze, brass and Verdi finishes—with Art Glass Shades.

Glass Water Sets, \$2.75

—An astonishingly low price on 25 daintily cut Water Sets. Consist of pitcher and six glasses. Ideal for Iced Tea on Hot Summer Days. On the Balcony—Today.

25 Cut Glass Vases, \$3.75

Remnant Friday—on Bullock's Balcony. 10 inch size—two shapes and cuttings from which to select. These are desirable for Shower and Wedding Gifts.

50 Earthen Casseroles, 50c

—Both 7 and 8-inch sizes included—brown outside with white lining—radically reduced for Remnant Friday selling—on Bullock's Balcony.

Bread-Butter Plates, 25c

—50 of these, also specially priced—imported pieces of china with delicate hand painting—only 50, remember, at 25c each—on the Balcony of Bullock's Hill Street Building.

100 Girls' Wash Dresses, \$1.00 From Bullock's Girls' Store

—They are neat, well-made dresses that in themselves would well repay a special trip Friday morning—a true Bullock Remnant Friday value.
—Neat, well made dresses for Girls from 6 to 14, at \$1.00 each. One finds a number of different styles—check, plaid and plain ginghams and chambray. They are excellent dresses for play or school wear—at \$1.00, Remnant Friday.
—At Bullock's—Fourth Floor—Section for Junior Girls.

Children's Muslin Bloomers 50c

—These have elastic at waist and knees and are of good white muslin. Such values are they, that they are thoroughly worth a trip to Bullock's on Remnant Friday. Sizes from 4 to 12 years—at 50c.
—Fifth Floor—Children's Muslin Underwear Section—at Bullock's.

Infant's Wool Bootees, 15c

—Because they are slightly soiled from handling they are to be 15c for Remnant Friday, but you will be amazed when you see them and guess their original pricings. They are beautiful little bootees knitted of wool, in white with colored interweaving; some have hand-embroidery—at 15c.
—At Bullock's—Fourth Floor Infants' Section—Remnant Friday.

Bullock's Sportswear Sale

—is nearing its completion—and Remnant Friday of this Month-Long Event should find many surprising Values available. Women of the Out-of-Doors should make Bullock's Sportswear Store their rendezvous—and their visits should be made TODAY—with economy in mind. Bullock's Sportswear Store in Bullock's Seventh Street Building—with entrance on Seventh Street.

Blankets Remnant Priced

—Bullock's Bedding Section has placed greatly reduced prices on several Blankets which have been used as Samples for Display purposes. These are slightly soiled—otherwise their prices would be far greater than these special Bullock markings. Cotton, wool finish and wool-and-cotton mixed Blankets will be included—in various finishes.
—Bleached and Unbleached muslin and sheeting will also go forward at special prices—on Bullock's Sixth Floor—TODAY.

Remnants of Laces

—Short lengths of Laces are always usable—and when they take the low prices that characterize Remnant Friday at Bullock's—Women should buy to the fullest possible extent! Today Bullock's will offer Chantillys, Filets, Venises, Cluny's, Vals, and many other exquisite Laces at new low markings. Silk and beaded trimmings and cotton and silk nets in odd lengths will be marked unusually low—on Bullock's Second Floor.

Ribbons

—Remnant Friday should be a day of excitement at Bullock's Ribbon Section—for desirable Ribbons will be put forward at such remarkably low prices—that Women should rush to Bullock's Ribbon Section on Remnant Friday. Today there will be odd lengths of Satin, Taffeta, Gros Grain and Fancy Ribbons in various widths and color effects. The quantity is large but all too small to answer the great demand Today—on Bullock's First Floor.

Draperies

—Draperies have had a wonderful Value-Month at Bullock's. They have been offered at prices that were surprisingly low. The wonder news of this announcement is that—TODAY all short but usable lengths that remain will be sold at still lower prices! Included will be hundreds and hundreds of yards—of Marquissettes, Cretonnes, Repps, Madras and other desirable Drapery Fabrics. They'll be on Bullock's Sixth Floor.

Furniture

—Remnant Friday at Bullock's July-Furniture! That should mean surprisingly great savings to all who share. Many odd pieces have collected which will be offered at remarkably low prices. Home-makers with economy in mind should be certain to visit Bullock's Seventh Floor tomorrow.

Monday August 1

—First day of the month.
—First-Business Day of the week.

Joins Los Angeles Art Society

Mr. C. W. Jones was elected as a member of the Los Angeles Art Society. Mr. Jones is a well known artist and has been a member of the society for many years. Women's Coats, Skirts and Suits Remnant-Priced

—Women of the Southland have come to associate Bullock's Ready-to-Wear Garment Sections with Merchandise of Style, Quality and Value Today. Value will be emphasized with Style and Quality maintained at the same high standards! A limited number of Coats, Skirts and Suits have been gathered together for quick disposal on Remnant Friday—today. Their prices have been so greatly reduced that if a style pleases one and one's size may be found—there should be no hesitancy in buying!
—There are but one or two Garments of a kind and the sizes are very limited—but the great savings to be realized by those who share should amply repay a special trip to Bullock's to Share. These Garments will be in the Women's Garment Sections—on Bullock's Third Floor—TODAY.

Monday August 1

SOCIETY.

BY VIRGINIA WOODS.

In Honor of Sister.
Honoring her sister, Miss Lucy Smith of Princeton, N. J., Mrs. Robert London entertained Wednesday with a bridge luncheon for sixteen at her home, 2412 South Western avenue.

Centered with a tall bouquet of golden rod and blue delphinium, the table decorations were otherwise of green and blue in unique effect. Other out-of-town guests were Mrs. Robert Fitch of Cleveland and Mrs. George Dock of St. Louis. The latter is a sister of Mrs. Edwin Jessup Marshall.

During the past fortnight Mrs. London has given three dinners weekly for her house guests.

Today, Mrs. Lawrence E. Hurck is entertaining for Miss Smith with a luncheon at her home, "Havenoak," in Pasadena, and with the same honoree, Mrs. William H. Russell will give a dinner Saturday night at her home in Windsor Square.

For the same group of friends Mrs. R. D. Shepherd of Sycamore avenue gave a dinner-dance one evening this week.

To Attend Bohemian Jinks.
Motoring to San Francisco today and tomorrow, Mr. and Mrs. W. J. Bettinson will meet there Mr. and Mrs. Myron Eissner, their son-in-law and daughter. All of them will return on the Bettinsons yacht in a week or two. Meanwhile Mrs. Bettinson is planning to attend the annual Bohemian Jinks in the north.

Guests in Thomas Park.
Alden Kent Thomas of Chicago and Lieut. Lawrence Edward Schick and bride, of San Diego, were guests at the home of Mr. and Mrs. Arthur C. Labrin in Victoria Park Tuesday evening at dinner. Lieut. Schick resided from West Point a year ago and now belongs to the Eleventh Cavalry, U.S.A., stationed at Monterey. His marriage to Miss Frances Moore of San Diego took place in that city the 14th inst. Mr. Thomas, uncle of the bridegroom, came on from Chicago to attend the wedding.

Fraternity Tea.
Entertaining in honor of her son's fiancée, Mrs. E. A. Thomas asked twelve young girl friends of Miss Elise Englebrecht, the bride-elect, to meet her for tea at the home of Mrs. Englebrecht yesterday. Many pretty affairs are being given for this charming young girl, whose wedding is to occur the last of August. Announcement of her engagement to Frederick N. Thomas was made at the home of the parents, Mr. and Mrs. H. J. Englebrecht in Santa Monica last week, when Mrs. Englebrecht entertained at luncheon. Covers were laid for fifteen.

No Tour Europe.
Capt. F. H. Nichols, president of the Continental National Bank, accompanied by his wife and daughter, left yesterday for an extended trip through Europe. Mr. Nichols will continue from Europe around the world. They will sail from New York August 3 on the S.S. George Washington.

On the Return Trip.
Otmar Bauer, Mrs. Emmy Kaskal and daughter, and Mrs. F. Stephan sailed early this week on the S.S. America to spend several months in Europe.

Extended Eastern Visit.
Miss Winifred Jones, debutante daughter of Mr. and Mrs. Mattison E. Jones of Glendale, left Tuesday for a visit with friends in Denver, Chicago, New York and Alhambra, N. J. In Denver, she will be the house guest of Miss Esther Rogers, daughter of Judge Platt Rogers. At the summer home of Col. and Mrs. Oliver S. Herberman in Alhambra, she will visit Mrs. Herberman's niece, Miss Cecile Boyd.

On her return trip Miss Jones will spend a short time at Fort Sheridan, near Chicago, where Mrs. Jones's uncle, Maj. George Ewell is stationed.

To Move Through Berkshires.
Mr. and Mrs. George A. Carvers of Ardmore avenue left yesterday for

Efficient Housekeeping

By Laura A. Kirkman

HELPFUL LETTERS.

Mrs. E. J.: I will tell you of a way to kill cockroaches, which may help other housewives. Spray with kerosene oil wherever the roaches are, and they will drop dead instantly. Also here is a recipe you might like:

Fine pumpkin pie without eggs: 1 can pumpkin, 1 pint milk, a little salt and nutmeg, about 2 teaspoons of sifted flour and sugar to taste. Mix these ingredients and pour them into a pastry-lined pan. Bake, as usual. It is delicious.

A Lover of Salads: Having read your articles on every-day salads for warm weather, I would like to contribute a recipe for a good boiled dressing.

Boiled dressing stock that will keep several weeks: Six tablespoons butter, 4 tablespoons flour, 4 tablespoons brown sugar, 1 whole egg or the yolks of 6 eggs, 1 teaspoon salt, 1-2 teaspoon paprika, 1/4 teaspoon mustard, 1 cup vinegar, 1/2 cup boiling water. Melt the butter in the top of a double boiler and stir in the flour, mixing well. Add the sugar, salt and paprika, and let it cook for a few minutes, and let it cook the eggs. Then cool. This makes a little over a pint of thick, rich-colored "stock" which will keep for weeks in a covered glass jar in the ice box.

Experiment: I wish all housekeepers would try what I did last

extended eastern trip which will include New York, Newport and a motor trip through the Berkshires.

Honored on Birthday.
Celebrating the fifty-first birthday anniversary of Charles E. Bernzke, Mr. and Mrs. Fred E. Stone of First avenue gave a dinner in his honor at their home Wednesday evening.

Gives Luncheon.
Mrs. W. A. Allen gave a luncheon at the Los Angeles Country Club yesterday.

On Mt. Wilson.
A number of prominent persons, who have been visitors in Los Angeles, spent the past week on Mt. Wilson. Included were Mr. and Mrs. W. E. Hale, Chicago; George Hale, Jr.; Mr. and Mrs. M. B. Skinner, Chicago; Mrs. M. J. Turner, San Diego; R. M. Hale, San Francisco; W. S. Hindbough, Brooklyn; Maurice Virge, Paris; and Miss Florence Easterson, Passaic, N. J.

Plan Motor Trip.
Mr. and Mrs. C. A. Patten of Hermosa Beach will leave for a four weeks' motor trip Monday. They will visit Elsinore, Murietta Hot Springs and other points of interest in that section, returning to Hermosa Beach the first of September, when they will occupy their home on Circle avenue for the winter.

Easterners at Ambassador.
Mrs. H. B. Cardell, well known in Boston society, and Mr. and Mrs. W. C. Cunningham of Pasadena, are guests at the Ambassador. They attended the dinner given in the Coconut Grove Wednesday evening.

Guests of Mrs. Erasmus Wilson.
Mr. and Mrs. James A. Beckett of Portland, the former a brother of Lady Popham-Young, have been spending several weeks in Los Angeles. Wednesday they were among the guests of Mrs. Erasmus Wilson at the tea-dinner in the Coconut Grove of the Ambassador. They were present also Mr. Frank and Lady Popham-Young, Mrs. Clara Grannis and William Davis of Kansas City.

June: I sterilized three jelly glasses and kept them in the ice box. Every time I made a different kind of jelly, during the whole summer, I poured a little of it into each of these glasses. The result was, at the end of August, had what I called "Harlequin Jelly"—that is, three glasses each with different colored layers of jelly! They were pretty and I served them only at guest meals. I think I began each glass with a half-inch layer of red currant jelly; then I added a half-inch layer of pale-colored apple jelly (using green apples); next came a crab-apple layer; then a purplish grape-jelly layer, etc. Cover the glasses with their tight-fitting tin covers while they stand in the refrigerator. Then, when you have made your addition to the jelly-layers, cover them with paraffin. The various flavors molded together in a delicious way, are delicious.

E. A. C. Am sending you a couple of recipes that are old standbys with us.

Jumbles: Two cups, 1 cup butter, 1 cup milk, 2 eggs, 1 teaspoon soda, 2 teaspoons cream of tartar, a dash of nutmeg. Add flour to make soft, cook until enough to hold shape when placed by teaspoonfuls on a greased cake pan.

Crullers: Three cups flour, 1 cup sugar, 2 teaspoons baking powder, sifted with a little salt, beat 3 eggs with 3-4 cup of cream and 1-4 cup of milk, and add this liquid to the dry mixture. Cut out and fry in deep fat. Have lard very hot.

[All inquiries address to Miss Kirkman, 1010 Broadway, New York City. This column is published weekly, except on Sundays and holidays, and is intended to be of service to the housewife.]

Mr. and Mrs. E. J. Ebert Judson of San Francisco.

Mr. and Mrs. Beckett left yesterday for a motor trip to Santa Barbara, where they will remain for two weeks before leaving for their home in the northern city.

For Week-end at Catalina.
Mr. and Mrs. Joseph Crall, Mrs. Frank D. Owen and Miss Ethelwyn Conrey are leaving today for Catalina Island, where they will spend the week-end at Hotel St. Catherine.

Personals.
Miss May Ridgeway will leave for a trip through Europe, September 1. Mr. and Mrs. Clements Sans will spend the week-end at Hotel Coronado. Next week they will motor to Santa Barbara, where they will attend the many festivities connected with regatta week.

Mr. and Mrs. David Blankenthorn called last week from Calais, France, for their home here, and are expected to arrive September 1.

Mr. and Mrs. C. A. Patten of Hermosa Beach will leave for a four weeks' motor trip Monday. They will visit Elsinore, Murietta Hot Springs and other points of interest in that section, returning to Hermosa Beach the first of September, when they will occupy their home on Circle avenue for the winter.

WILD HUNTERS.
One player is counted out to be Wild Hunter the first time. Two spaces marked off at opposite ends of the playing ground are called the Jungle and the Den. Without letting the Wild Hunter know "which is which," the players agree to take certain names of wild animals—tiger, lion, jaguar, coyote, elephant, giraffe, zebra, fox, hyena, jackal, kangaroo, monkey, puma, leopard, chamois, bear, wolf, etc. The Wild Hunter stands near the Jungle and calls out the name of a wild animal. If the "animal" named is there he must run out and make for the Den at the other end of the ground chased by the Wild Hunter. If the fleeing player reaches the Den he is safe, but if tagged he becomes the Wild Hunter and his chaser goes in to the Jungle and takes another zoo name.

In a variation of this game the players do not take separate animal names unless there are only a few playing. If a dozen or more are engaged in the game they may agree upon four animal names; say, bear, wolf, tiger and monkey. These will be bears, three wolves, three tigers and three monkeys. When the Wild Hunter calls and a player named by him is in the jungle, the players cry, "Den! Den!" and he must run to the Den and back again. If, however, he calls "Bear," for instance, all the bears must run toward the Den chased by the Wild Hunter, and any one tagged must change place with his pursuer.

(Copyright, 1917, by Public Ledger Co.)

As we know by experience that sound travels with far greater rapidity through water than through the air—practically three times as fast, in fact—and as fog is composed of particles of moisture suspended in the air, it would appear that sound ought to go further through a fog than through dry air, while the reverse is actually the case. This apparent discrepancy is due to the fact that the particles of moisture, being in the form of a vapor, act as a sort of shock-absorber for the waves of sound—a damp blanket which impedes their progress—while, in the case of water, the same moisture is solid and quite dense, thus transmitting the sound waves very clearly.

Much the same thing is to be observed in the sound of a pistol fired at sea level on a cold, clear day and on a mountain top. In the first instance the sound is sharp and far-

reaching, for the air is dense and free from moisture. But, when we reach higher altitude, the air is thinner and more rarified. Therefore the sound waves are by no means as distinct, nor do they carry as far. Fog or vapor of any kind has a similar effect in that it diminishes the density of the air and therefore checks the progress of the wave made by the original sound.

In a variation of this game the players do not take separate animal names unless there are only a few playing. If a dozen or more are engaged in the game they may agree upon four animal names; say, bear, wolf, tiger and monkey. These will be bears, three wolves, three tigers and three monkeys. When the Wild Hunter calls and a player named by him is in the jungle, the players cry, "Den! Den!" and he must run to the Den and back again. If, however, he calls "Bear," for instance, all the bears must run toward the Den chased by the Wild Hunter, and any one tagged must change place with his pursuer.

(Copyright, 1917, by Public Ledger Co.)

As we know by experience that sound travels with far greater rapidity through water than through the air—practically three times as fast, in fact—and as fog is composed of particles of moisture suspended in the air, it would appear that sound ought to go further through a fog than through dry air, while the reverse is actually the case. This apparent discrepancy is due to the fact that the particles of moisture, being in the form of a vapor, act as a sort of shock-absorber for the waves of sound—a damp blanket which impedes their progress—while, in the case of water, the same moisture is solid and quite dense, thus transmitting the sound waves very clearly.

Much the same thing is to be observed in the sound of a pistol fired at sea level on a cold, clear day and on a mountain top. In the first instance the sound is sharp and far-

reaching, for the air is dense and free from moisture. But, when we reach higher altitude, the air is thinner and more rarified. Therefore the sound waves are by no means as distinct, nor do they carry as far. Fog or vapor of any kind has a similar effect in that it diminishes the density of the air and therefore checks the progress of the wave made by the original sound.

Tomorrow—WHY is a coward called a "poltroon"? (Copyright, 1917, by The Wheeler Syndicate, Inc.)

WILD HUNTERS.
One player is counted out to be Wild Hunter the first time. Two spaces marked off at opposite ends of the playing ground are called the Jungle and the Den. Without letting the Wild Hunter know "which is which," the players agree to take certain names of wild animals—tiger, lion, jaguar, coyote, elephant, giraffe, zebra, fox, hyena

**TELLS SUCCESS
OF AMBASSADOR**
Manager of System Pleased by
Resident Patronage.
Summer Business Exceeding
Hopes, Asserts Frank.
Says Depression in East Did
Not Hit Hotel Here.

After inspecting the report of the first six months' business of the Ambassador Hotel, A. Frank yesterday declared the new Los Angeles hotel had been a "phenomenal success," although it has not yet enjoyed a winter season. The summer business has been greater than the expectations of the Ambassador Hotel System, of which Mr. Frank recently was appointed general manager. Mr. Frank said support of the hotel by tourists and business transients had been no less extraordinary than the patronage by local people, who have used the restaurant, club features and the shops which make the hotel a microcosm. "After a long period of consideration," said Mr. Frank, "W. W. Straus and his associates decided to enter the hotel field in America. They surveyed both eastern and western localities and it was here that they decided to center the greater part of their investment. Their faith in Southern California has been more than substantiated by the first six months of business. Although the East has suffered from unsettled business conditions, the depression has not noticeably affected California hotels, said the manager. In spite of the financial slump throughout America, people from Canada, the Orient and eastern States continue to register at the hotel as resident guests, he said. "And the future appears even brighter than the past," continued Mr. Frank. "Many persons have expressed their pleasure and appreciation of the hospitality of the Ambassador and other Southern California hotels, and have announced their intention of returning for other summers and winters. Already have we seen evidence of this. During the summer months when many of the hotels of the State are closed because of the lack of business, we have enjoyed an extensive patronage, and from the reservations, we believe it will continue until the regular winter rush begins." Dave H. Dolco, resident manager of the hotel, said: "It is particularly gratifying to

**GOATS' BLEATING
IS PROTESTED.**
Twenty-six Petitioners in
Plan to Council to End
Annoyance.
A mere goat's bleat may not be very much to worry about, but when a herd gets to hitting on all six cylinders in the early morning at the rate of twenty-five bleats a minute each, it is high time the matter be referred to the city at large, twenty-six petitioners living in the vicinity of 370 West Avenue Fifty-three decided, so yesterday they appealed to the City Council for relief. The petition, circulated by W. W. Straus, describes the bleating activities of the Sigafos family goats as follows: "The bleating begins, as a rule, near 5:15 a.m. and seldom later than 5:30 a.m., according to records kept. The number of bleats per minute has been estimated to average not less than twelve in the early morning and late afternoon and has been known to exceed twenty-five per minute for an hour at a time."

see the manner in which the hotel, cafe and shops are supported by local people. It has been my experience that hotels in general in large cities are termed 'dead' during the summer, but this condition, fortunately does not exist here."

**WOMAN DOCTOR
WEDS JAPANESE.**
(Continued from First Page.)
Margaret had married the oriental she took all her belongings and joined her husband in Manila. I have not heard from her since." The New England minister's story of his daughter who had forsaken the parental love for the love of an oriental was one of pathos, told in a quivering voice which revealed a heart burdened with sorrow. "Would that I had laid her away in a grave beside her mother before she met this oriental," the father said. "I could not conceive this infatuation she held for the Japanese. It seemed incredible, unbelievable." "It had existed months before my wife Margaret's stepmother learned, quite by accident, she was married to him. My wife asked Margaret about it, and the girl admitted she was married to him. I prayed and prayed for her, hoping that by some miracle I would learn it was untrue. But it was true."

MAT LEAVE CITY.
"It was heart-breaking to me. The life she had chosen was worse than a thousand deaths to her. Continuous thought of it has weakened me in my work in the pulpit. At times I feel that it will compel me to give up my work in the church—here and force me to leave the city."

"Her education had been the best. She studied medicine in the Homeopathic College in New York, and in the Women's Medical College in Philadelphia and graduated from the Mahanem College in Chicago. Her mother died when the daughter was 14 years old."

"Yet, regardless of the fine educational advantages which have been hers and the good, old New England stock from which she descended, she has cast sorrow, which cannot be erased, upon those that bear her name."

"I have prayed that something could be done to have the Federal authorities have that man deported, but I have reached the limit in this respect. I find I can do nothing. And so my heart is broken."

HUSBAND A CHRISTIAN.
Dr. Hara is a Christianized Japanese, having accepted the faith of the Seventh Day Adventists. According to Dr. N. J. Waldorf, pastor of the White Memorial Seventh-Day Adventist Church, he is a member of that church and also consulting physician at the White Memorial Hospital. The Japanese physician and his white wife were found last night in a modest little bungalow at Western avenue and San Pedro street, Manila. The doctor had just returned home after performing an operation and both he and his wife talked willingly and sincerely of their marriage.

**WIFE DIES
OF WOUNDS;
MAN HELD.**

Husband is Charged With Murder After Victim of Shooting Expires.
Following the death at the Receiving Hospital late yesterday afternoon of Mrs. Emma Van Degraff, 31 years old, colored, the police placed a charge of murder against the woman's husband, Baker Van Degraff, 25 years old, whom they had arrested earlier in the day, following his admitted shooting of his wife at 1143 East Pico street. The woman was shot twice. The purported murder grew out of a quarrel between Mrs. Van Degraff and her husband, police say. The wife, who lived at 1544 East Twenty-third street, and who had been estranged from Van Degraff for several weeks, went to his home on East Pico street yesterday to effect a reconciliation, she told police before she died. During her interview with her husband, the latter became enraged, she said, and drawing a revolver, fired two shots at her. Van Degraff was arrested by Detective Sergeant Williams and Bailestrano at the Pico-street house a few minutes after the shooting. Mrs. Van Degraff was rushed to the Receiving Hospital in the University Station ambulance after it was discovered that the Receiving Hospital ambulance was unavailable. It was apparent at once, surgeons at the hospital said, that the woman could live but short time. It was discovered just as the Receiving Hospital ambulance was about to start on the call, that a rear wheel was almost off. Had the driver succeeded in getting the ambulance started there would have been a serious accident, police say.

WOMAN DROPS DEAD.
Guest at Hotel Succumbs to Heart Failure in Cafeteria.

A well-dressed woman, about 70 years old, identified by letters found in her purse as Mrs. Mary E. Frankenstein, a visitor stopping at the Rosilyn Hotel, dropped dead last evening in Ross Brothers' cafeteria at 440 South Hill street. According to a report from Deputy Coroner MacDonald, she died of heart failure. A letter found in her purse directed that "in case of accident, ill health or death," Mrs. Fred Bertrich, a sister, of 388 West End avenue, New York City, be notified. Efforts to reach Mrs. Bertrich in New York last night failed.

WILL AID BEAN GROWERS.
Extension of the service of the Bean Growers' Association to counties south of Santa Barbara will benefit growers in this section. It was pointed out by the committee on agriculture of the Chamber of Commerce yesterday in recommendations to the board of directors, and will advance the interest of growers dealing in beans other than lima beans, the board states.

Set of 3 Glass Mixing Bowls, 60c

Art and Gift Shop Specials!

Complete stock of beautifully lined sewing baskets at 1/4 price. Baby Baskets, white enameled and hand decorated, at 1/4 less. Mahogany Finished Smoking Stands, special at 1.95. (Third Floor.)

Women's Wool Jersey Suits, 10.75

Formerly Priced From 17.50 to 25.00

Only fifty remain from the scores of jaunty styles that have been and are now being so eagerly sought by women of fashion. But while these fifty last there is opportunity for the rarest economy of the season.

Think of buying an all-the-year-round suit for 10.75! A suit typical of California, with freedom of style in every carefree line. A price as low as the lowest—yet tailoring and style are irreproachable. Heather mixtures and plain shades as varied as the number will permit. Sizes 34 to 44. (Hamburger's—Second Floor—Friday)

Women's Sunnysilk Bloomers at 2.65

The new open weave glove silk bloomers at a new Opportunity Day price. In sizes 6, 8 and 10. (Second Floor.)

Sunnysilk Vests in sizes 36 to 42, 2.15

Pyrex Pie Plate and Holder, 2.95

A very decided price reduction in this pyrex pie plate with quadruple silver plated holder. The design is exceedingly new—the handles are of ebony. The Opportunity Day price is—only 2.95. (Main Floor.)

Silk Stockings, 1.15

Women's first quality pure thread, full-fashioned, silk stockings at this astonishingly low price. Several shades of gray and a few black in this special lot. Shop early for the ones of your choice—they won't linger!

Women's Silk Stockings, semi-fashioned, 75c
Children's Little Sox, 7 to 9 1/2 sizes, 35c
(Hamburger's—Main Floor—Friday)

Candy Specials!

Large U-Press-It Jar Assorted Candies, 20c
(34-jar carton for 4.00)
Small U-Press-It Jar Assorted Candies, 15c
(34-jar carton for 2.00)
1 1/2-lb. Box "Week-End Special" and Jar of A. D. Mints, 1.00
All candies made in our "famous for quality" factory.

Girls' Organdy Dresses at 7.95

An assortment of choicest organdy dresses in both light and dark shades and every attractive trimming one might ask for.

There's not a dress in the lot that sold for anything like this low price, in fact every one means a saving of several dollars. The sizes range from 6 to 16 years.

Girls' Hand Embroidered Smocks, 6 to 14 years, 1.95
Junior Gingham Dresses—12, 14 and 16-year sizes, 2.95
(Hamburger's—Second Floor—Friday)

1.25 Wall Papers, 75c Roll

There are 2000 rolls of attractive wall papers to be sold on Opportunity Day at only 75c roll. Quantities vary from one to two room lots, up to 100 rolls of a coloring. Shop early for the patterns and colors of your choice. Fourth Floor.

Women's Tie-Back Sweaters, 3.95

Stunning wool models, knit link-and-link stitch—a perfect galaxy of colors and combinations to delight one. The cuffs and collars of fluffy angora give just that added touch of distinction that makes them the more unusual at 3.95! All sizes. (Second Floor.)

Girls' Wool Tie-On Sweaters, 8 to 16 years, 2.45

Sample Neckwear, Half Price

The manufacturer's most charming styles—set guimpes, organdy sets, vests and collars, hand-trimmed with real lace. Each made a surprise—for the fashions are the very newest. Surely a remarkable Opportunity Day value! (Main Floor.)

Gray Footwear, 25% Less

Twenty styles for women's sports or formal wear—Hamburger's entire and extensive stock goes in at an Opportunity Day reduction on Friday.

Gray suede, kid and nubuck—one and two strap pumps, all types of soles and heels, oxfords and sports models, plain or kid trimmed. All 25% less than prevailing prices! Every size. (Hamburger's—Second Floor—Friday)

Organdy Dress Patterns, 6.95

Just a few sketches—and one has a charming summer frock of daintiest white embroidery or daintily colored French organdy. Because there is a limited number, down comes the price on Opportunity Day to a surprisingly low level. (Main Floor.)

1.75 to 3.50 Organdy Flouncings at, 85c
36-inch Fillet Mergat Lace Flouncings, yard, 1.75

Draperies

Every item worthy of special mention—yet each must be limited to just a word or two. Note the stock markings—then the Opportunity Day reductions—and one is instantly convinced of the importance of the sale.

1.35 Plain Bobbinette, 64-inch, 65c
1.75 Plain Bobbinette, 72-inch, 95c
2.50 Plain Bobbinette, 108-inch, 1.35
35c Voile, Marquisette, Serim, 30c
1.50 to 5.00 Handmade Pillow Squares reduced to exactly 1/2 Price
2.50 Moss Rose Raglans, 60-inch, 1.15
1.35 Oil Opaque Window Shades, 75c
(Hamburger's—Third Floor—Friday)

1.00 Ivory Flesh Builder, 85c

A preparation recommended for rounding out hollowed or thin cheeks, or for plumping the neck and shoulders with firm and healthy flesh. Also for removing wrinkles from the face and hands.

A natural beauty maker in preventing tan, freckles, sunburn, roughness and skin imperfections. Special for Opportunity Day at 85c. (Prof. John H. Austin, Hamburger's—Second Floor.)

Garden Hats

Now 6.95

Summer's very own hats—a bloom with flowers, brims both broad and soft to frame the face as no other type of millinery can.

All account of their loveliness and economy has been disregarded in replying them for their opportunity value in the millinery department—every woman and miss knows that summer is at its height. THIS is the time to buy garden hats for particular frocks—or hats to go with one's costumes. (Hamburger's—Second Floor—Friday)

7.50 Satin Petticoats, 4.95

Whole lots of 25 quantity with a quality as to be a surprise at the Opportunity Day market! Wide lace overhanging, Georgette and ribbon trims—some might expect to find at 7.50, but never at 4.95! *Silk Strap-In Drawers, lace trimmed, 1.95*

Taffeta Breakfast Coats, 12.95

The "always becoming" little breakfast coat that is so service equally well for bedtime—the ruffled and every woman knows so well. All sizes are included—price at 12.95. (Second Floor.)

Dainty Dotted Satin Breakfast Coats, 12.95

Blouses and Overblouses, 1.95

Every model was taken from the regular 2.50 list and marked even then much lower than the quality of the material. So sheer and cool for summer days—with just the right touch of trimming to make them "wearable" for cooler or suit. Sizes 34 to 44 in the group. (Second Floor.)

Chamoisette Gloves, 1.00 Pair

Think how economically one might be "gloved" for the summer if one took proper advantage of this Opportunity Day sale. Just 50c pairs of the 14-button-length in a good heavy material. It is a tempting value—do be here early! (Second Floor.)

Axminster Rugs at 29.95

The high pile and beautiful designs all at a value of their higher value—but on Opportunity Day value signs fall and prices are lowered. Two sizes, 9x12 and 8x10.6. Rose, blue and combinations—really splendid rugs at a (Third Floor.)

Ray Rugs, 24x36, sale priced at, 29.95

Embroidered Bathing Suits

What more could anyone ask of an Opportunity Day value? Wool suits, very beautifully embroidered in combinations of white and colors. Women's sizes 34 to 44—1.95. In stock they are 10.00 to 12.50! (Second Floor.)

Switch Sets, Sale Priced 3.95

A very fine texture of real human hair, each switch set of three stems. It is a value as splendid as the hair has offered—and that is saying a great deal. (Fourth Floor.)

Moire Taffeta Ribbon, 35c Yard

Such colors! Such quality! Why, any young girl who has two or three at this rate and never miss the money she has spent. Day price would mean. The regular 1.00 yard (Fourth Floor.)

Beautiful Ribbon Carriers, special, per pair, 1.95

Cap or Fringe Nets, 65c

University and Utility nets—human hair—in all colors and white.

Other section values of note:
Children's Circle Combs, shell and amber, 50c
Korean Dress Shields, sizes 3 to 6, pair, 1.95
60-yard Spool, Black Sewing Silk, 1.95
West Electric Hair Curlers, 8 on card, 1.95
Pearl Buttons, good assortment, 9 on card, 1.95
(Main Floor.)
